VOLUME 45.

## BOND AND TAX MEASURES CARRY FIRST MINERVA FLOWING PRODUCER BROUGHT IN

### SEWER EXTENSION AND BAND-PARK TAX VOTED HERE

#### NEEDED IMPROVEMENT AUTHORIZED BY PEOPLE AT BALLOT TUESDAY.

Extension of the sewerage system in Cameron and the levy of a ten cent tax for the support of a municipal band and for park maintenance were authorized by vote of the people in the election held here Tuesday.

The Vote:

For Sewer Bonds.....213  
Against Sewer Bonds.....100  
For Band and Park Tax.....170  
Against Band and Park Tax.....140

The sewer bond issue calls for \$14,000 while the tax propositions authorize a levy of ten cents on the one hundred dollars valuation for the support of the band and for the maintenance of the two parks in Cameron. The city council has the authority to levy this tax but it was believed more advisable to ask an expression of the people on the proposition.

The voting of this tax while not bringing any immediate relief for band and park purpose, the funds will be available in 1923 and insures the safety of the band which has been supported by private subscription ever since its organization.

The sewer bond issue will give relief to many sections of the city where now there is no sewerage and this is regarded as one of the most constructive public improvements in recent years.

Little interest was manifested in the election and aside from the efforts put forth by the civic league of which Mrs. J. G. Vest is president, there was no organized effort to pass the measures. The tax, making available in 1923 funds for the parks will give a fuller expression to the civic policy inaugurated by the administration and which has resulted in many improvements in the parks, notably the equipment of a playground for the children.

Only 314 votes were cast in the election Tuesday. The majority for the sewer bonds was 213 and for the tax measures 30.

Cameron has one of the best equipped and trained bands in the state and with the tax system for its support its permanency is assured.

#### BIGGEST GAME OF THE SEASON FRIDAY—CAMERON 13, ROSEBUD 0.

Last Friday saw the 1922 foot ball season ushered in with a win over the fast Rosebud eleven. The teams seemed to be just about matched, but the Cameron defense was working pretty nicely and succeeded in holding the Rosebud backs. They made only one first down during the game.

Joynes played a splendid game on the defense for the home club while Baggett and McCall played a consistent game on the offense.

As a whole the game was slow and full of fumbles, but no more could be expected for a game so early in the season.

Next Friday the biggest game of the season will be played on the home ground with the strong Belton High School team as our opponents. This is going to be one of the best games in this section of the state this year. Last year the Belton bunch beat us 7 to 0 so we must treat them the same this year.

Get your season ticket and be out there on the side lines Friday afternoon at 4:15 backing your team to the limit.

L. T. Lewis who has been absent from his post of duty as cashier of the Citizens National Bank, on account of illness is back at his post much to the gratification of his friends.

### WORLD SERIES BY RADIO; BASEBALL FANS TAKE NOTICE

#### READ AND LAWRENCE TO PURCHASE EQUIPMENT FOR WORLD SPORT EVENT.

Returns from the World Series ball games will be received in Cameron by Radio and given out to the fans by special arrangement just made by C. W. Read and Hayden Lawrence, radio dealers.

The Wilkerson building, south side of court house square, has been rented for the use of the fans and the returns, play by play will be received and announced there. Tickets are now on sale, the season selling for \$2 with war tax of 20 cents.

In order to make this event doubly satisfactory Mr. Read and Mr. Lawrence have purchased expensive radio equipment to be used. The series will start on October 4. Hundreds of fans in Cameron will welcome this announcement as the series takes precedent over all other sport events in America.

This movement should be supported by the public as it enables the town to keep abreast with other cities in getting news of moment and realizing the returns from the World Series play by play as flashed from the field of action.

Look up these gentlemen to day and get a season ticket for the big event.

### DR. F. B. BEVER FORMER RESEDENT MOVES TO CAMERON

#### DENTIST AND WAR VETERAN TO PRACTICE IN CITY AFTER LONG ABSENCE.

Dr. F. Burns Bever, dentist, has located in Cameron and will practice dentistry here.

He was born in Cameron and in returning after so long an absence from the county capital, will see many new faces among the citizenship.

Dr. Bever has established offices in the Lawrence building across from the Auditorium Hotel and is this week announcing his opening for business.

Dr. Bever completed his studies in dentistry in Houston, Philadelphia and New York. He went over seas with the 90th Division where he served with distinction.

#### PRESBYTERIAN CHURCH.

Sunday is Rally Day, and the goal has been set for 250. If you are not in some Bible School come and join us.

Preaching by pastor at 11 o'clock, followed by quarterly communion. Session will meet at 10:45 to receive members.

No service Sunday night by reason of fact the pastor will be in the meeting at Marlow.

H. R. McFadyen, Pastor.

Football fans in Cameron will be interested in the announcement of Athletic Director Perkins that the Yoe High Squad will meet Temple on the grid at Temple on October 6 at the Bell County Fair. It is believed a large delegation of fans will go over to Temple on that day to aid the locals. Mr. Perkins is also planning a Cameron delegation to Rockdale on November 11 for the big fall game with the Rockdale squad. It is planned to arrange the celebration for the 10th instead of the 11th because the latter date falls on Saturday and many cannot go on that date.

### Gause Klan Aids Widow

The following communication to the tax collector of the county explains aid recently given to Mrs. Mattie Ditto of Gause when the Gause Klan paid taxes delinquent on her property:

Gause, Texas, Sept. 25, 1922.  
Hon. W. A. Bonds,  
Tax Collector Milam County,  
Cameron, Texas.

Dear Sir:—We note in the publication of the delinquent tax list the name of Mrs. Mattie Ditto, delinquent for taxes on her homestead at Gause to the amount of \$25.01.

Mrs. Ditto is a good, deserving woman, struggling against many difficulties to maintain herself and to

support her fatherless children and the membership of this Klan desire to throw around her some measure of protection and material aid. One of the fundamental principles of this splendid organization is protection of the home and the purity of the womanhood of our country. We are enclosing to you \$25.01 the amount due on Mrs. Ditto's taxes and request that you mail to her at Gause a receipt in full, and give out to the press of the county a copy of this letter. Thanking you in advance for your good offices in this matter, we are,

Respectfully,  
Gause Klan No. 201, Realm of Texas, Knights of the Ku Klux Klan.

### CAR LOAD OF AUTO TIRES SHIPPED TO DEALERS IN CITY

#### HORSTMANN BROTHERS GETS FIRST CAR SHIPMENT EVER RECEIVED IN CAMERON

The first car shipment of automobile tires ever received by a Cameron tire dealer was received in Cameron this week by the Tire Store of which Horstmann Brothers are owner.

This is the largest single shipment of automobile tires ever handled by a local tire dealer.

These tires represent the well known band of Oldfield made popular here among motorists because of their value and the service rendered by the Tire Store.

The Tire Store recently acquired the agency for Essex and Hudson automobiles and report the sale of an Essex touring car this week to W. F. Heinrichsen.

#### PRESBYTERIANS BEGIN REVIVAL AT MARLOW.

On Wednesday night of this week a revival meeting was begun at Marlow by the Presbyterian congregation. The services will be held at the Marlow Methodist church because more convenient. The pastor, Rev. H. R. McFadyen began the services, but on Friday night Rev. Jno. Kidd, Presbyterian Evangelist comes to do the preaching. He is a fine man and good preacher and a good meeting is expected.

H. E. Woody of Cameron spent Monday in Waco.

### LLOYD MITCHELL IS SUNDAY SCHOOL SUPERINTENDENT

#### WAR HERO NAMED TO LEAD BAPTIST SUNDAY SCHOOL FOR ENSUING YEAR.

Lloyd Mitchell ex-soldier and war hero, has been elected general superintendent of the Baptist Sunday school to serve for the ensuing year.

J. R. Hays, also veteran of the war, was named assistant superintendent at the meeting held at the church Wednesday night. J. S. Bragg was elected secretary and treasurer of the Sunday school and Lillie Kate Beckerman was elected organist.

The following were named as delegates and alternate delegates to the Association meeting at Burlington on October 4. Delegates: Rev. and Mrs. R. C. White, L. B. Arnold, C. L. Spradley, Wm. Henderson, F. F. Read, L. W. Harris, J. M. Ralston, A. N. Green, J. H. Whaley, J. H. DuBois, Mrs. J. H. Whaley, Mrs. Bertha Brewer, Mrs. John Dobbins, Mrs. S. M. Burns, Sr., Mrs. Don Slocumb, Mrs. Albert Triggs, Mrs. Dan Gunn, Mrs. M. Miller, Mrs. Lloyd Mitchell, Miss Clara Thomas.

Alternates: Dr. Tom Denson, J. W. Coleman, S. M. Burns, W. M. Mitchell, J. Mayfield, Mrs. George A. Thomas, Mrs. A. N. Green, Mrs. Will Beal, Mrs. Tom Randolph, Mrs. Harvey Dobbins, Mrs. Sheppard.

T. S. Henderson, Jr., spent several days in Waco last week and will leave the latter part of this week for Beaumont where he will attend to business for the law firm of which he is a member.

### MOTION FILED IN SYPERT CASE FOR A CONTINUANCE

#### JOE SCHILLER GIVEN SUSPENDED SENTENCE IN DISTRICT COURT THIS WEEK.

When the case of Joe Syper vs. State of Texas, was called in the district court this morning a motion to continue was filed with Judge Watson by the attorneys Chambers, Wallace & Gillis, but no disposition had been made of the motion up to press time.

Sypert was tried in District court several months ago on a charge of violating the liquor laws and resulted in a mistrial, the jury being unable to agree.

Joe Schiller tried for selling liquor was tried Monday and was found guilty but given a suspended sentence.

The case of State of Texas vs. Jim Perkins, charged with carrying a pistol, was transferred to the county court.

The following additional cases have been set as follows:

September 29 State of Texas vs. Joe Kalia.

September 28 state of Texas vs. Nicholas Dyer.

October 9 State of Texas vs. Jim Gandy, charged with violating the liquor laws has been postponed with no date set for case.

### CITY IN READINESS FOR TWO DAYS FAIR AND STOCK SHOW

#### FLAG DECKED TOWN ANTICIPATES HUNDREDS OF VISITORS HERE FRIDAY

With hundreds of flags giving color to its streets and plans well matured for a spectacular parade Friday morning, Cameron is expecting hundreds of visitors here during the two days of the Fair.

The livestock exhibits will be located in the Wilson-Ledbetter park where tents have been stretched. No attractions other than the stock exhibits will likely be on the programs for the two days but it is hoped that these will be sufficiently attractive to prove worthwhile to those who come.

For the 1923 Fair it is planned to organize a stock company and purchase grounds suitable for the fair where a race track can be maintained and show attractions can be provided so that these essential features of a fair may be realized.

In order to be insured of attractions the association will become a member of the fair circuit which is entered to among the shows and carnival companies.

The finance committee of the Fair has about completed the canvass for the funds necessary for the premium lists and the advertising bills for the Fair.

An unusually heavy exhibit is expected in the poultry department as well as in the hog exhibit. Some interest is being shown in the exhibit of domestic arts and agriculture.

The parade will feature the morning program. This parade to traverse the principal business streets will begin about nine o'clock and will be a big attraction.

The school will play a big part in the program as will the fire department.

Mr. and Mrs. Walter Davidson of Belleville spent last week end with Mrs. Davidson's parents, Mr. and Mrs. T. N. Lindsey.

S. P. Cross  
Money To Loan—On farm lands at 8 per cent. No additional charges other than for abstracts, recording and notary fees. Office Over First National Bank, Cameron, Texas.

### 72 BARRELS FROM BAGGETT-HOUSE WELL IN MINERVA

#### NIEHAUS TEST GOING DOWN FOR BIG PAY SANDS IN FIELD.

The feature of the past week in the Milam county shallow area, was the drilling in and completion of the first flowing well in the county. The well is the Baggett and House number six Henry, 50 acres in the heart of the pool, which came in a good natural producer from 696 to 715 feet. The well is flowing from 6 5-8 inch casing through a two inch line, and flows by heads, and on actual gauge the well is producing at the rate of 3 barrels per hour or 72 barrels daily.

Two stratas of pay sand were drilled through from 696 to 715 feet with a hard shell between 700 and 715 feet. There is 12 feet of true pay sand with a generous rock pressure found, it is believed below the pay. With the drilling in of this well the daily average production of the Milam county shallow field has been increased materially, which should stimulate more interest in the field. Hundreds of visitors and oil men were seen at the well Sunday, some of them coming from the Kosse district in Limestone county.

Observers and those interested in the deeper pay in the Milam county pool, are watching the Lee Oil Co., number 12 Niehaus which is drilling below 500 foot level. The goal of this well is the 1600 to 2000 feet stratum, where larger production and more uniform sands will be found, according to the belief of the operators. That the well is important and interesting is a foregone conclusion to the oil clan here. The finding of another pay sand will stimulate interest and more drilling will be done in the pool than ever before. The well is being drilled with a National rig and is under the management of John E. Lee.

The Owens Petroleum Company number 9 Henry, has spudded in and ready to set surface casing. The drilling of this well is being done by J. T. Leech and Sons, who have drilled in and completed 10 producing wells in the shallow field since early summer, all their drilling is done by a rotary rig.

The S. A. Guiberson, Jr., and associates number one L. N. Posey well continues to move on machinery and lumber for the drilling of a deep well in this district.

Several large companies are about to enter the Milam county fields and have representatives here. Several flattering offers have been made to producers in the shallow area for their properties, and next week some news should break concerning deals that are now pending. The production of the shallow pool is now in excess of 350 barrels per day with some 63 or 64 wells on the pump.

#### HERALD HAS 800 OF "CALUMET KID" PUZZLES ON WAY TO CAMERON.

In a wire to the Herald Tuesday the Calumet Baking Powder Company said that it had shipped the 800 puzzles announced by this paper several weeks ago. Delivery on these puzzles could not be made because of the unexpected delay in receipt of these puzzles. We are glad to announce that the puzzles have been shipped and will be distributed as soon as they arrive here which will be the first of next week.

Many applications from children have come in from all sections of the country and these requests for puzzles will be filled not later than next week.

Max Collins carried his wife to a sanitarium in San Antonio Sunday. Mrs. Collins has been ill for several week in a sanitarium.

### The Open Forum

In this issue the Herald is setting aside space to be devoted each week to the discussion of matters of interest to the people. This column will be known as the "Open Forum" and the Herald invites communications to the column both because of the necessity for expression from the people about public questions and because it affords means for this paper to serve its patrons.

The Herald is offering a prize of \$2.50 for the best title suggested for this column to appear and run as the permanent heading. Read the column this week. It contains matter of interest. Think of a good head for the column and win the prize.

THE PUBLISHES

FARMER JIM PLAYS  
TRUE TO FORM.

"Farmer Jim" formally announces that he will violate all his political obligations and pledges, expressed and implied, when he became a candidate for United States senator in the democratic primaries this year.

Overwhelmingly defeated for vindication when he made his third campaign for the governorship in 1918, he left the democratic party and organized a party of which he became candidate for president in 1920. Overwhelmingly beaten again, he sought to become a candidate for United States senator as a democrat.

If he complied fully with the law in making application for his candidacy he swore that he was a member in good faith of the democratic party and that, if he voted at all, he voted for the nominees of the democratic party in 1920, when he was a candidate against a democratic nominee. And the executive committee permitted his name to go on the official ballot accordingly, in spite of the facts of the case.

He made two campaigns before the democrats of Texas as candidate for senator, and in the final contest lost by more than 50,000 majority in a vote of about 590,000.

When he voted on August 26, he voted the expressed pledge, "I am a white democrat and pledge myself to support the nominees of this primary."

In a most treacherous violation of the act of grace by which the executive committee permitted him to enter as a democratic candidate in the first instance, and in a doubly treacherous violation of his implied obligation to support his successful competitor, for whom some 317,000 democrats of Texas voted, and in treble treacherous violation of his expressed solemn pledge to support the nominees of the primary in which he voted, he bolts the result of the election and again takes his place as an enemy of the democratic party.

Of course, when Farmer Jim's ideals and ethical code of the past are considered, there is no occasion for surprise. He has played exactly true to Ferguson form and the expected has happened, but we fancy it will be many years before another such opportunity for treachery to

the democratic party will fall to his lot.

Beyond his wretched example of bad faith, however, his withdrawal is a fortunate circumstance, because tens of thousands who voted for him tens of thousands who voted for him will see in his act of treachery and poor sportsmanship and unfettered confirmation of his inadaptability to the public service that his earlier official delinquencies so clearly pointed. He received many votes as a result of the plea, "Give me another chance." People are sympathetic and some of them, the emotional correspondents told us, wept as he bared his sorrows.

But he's the same old Jim, and the democrats who regard their primary pledge as pledges of honor, and who regard their honor as something to keep clean of any taint of treachery and duplicity, will see in his latest breach of good faith only a recurrence of the light regard in which he holds the obligation of a solemn pledge.

"I am a white democrat, and pledge myself to support the nominees of this primary," he voted. He must have known when he was pleading for votes that in the event of his defeat he would break that pledge, and if he had been wholly frank, and told the people so, he would not have received 10,000 votes beyond the hyphenated republicans and socialists who invaded the primary to support him.

Fully two-thirds of those who voted for him are men and women whose pledges of honor are held as sacred and inviolable, in politics as well as in other relationships of life. To them "Farmer Jim" and all his fellow wenchers make a sorry spectacle, indeed. The wonder is that even the republicans would want to consort with them.

But that little pledge stands for Texas democrats with these few exceptions. Regardless of their preferences before the primaries, for which they contended in good faith, that pledge they voted will be in stanch honor kept.

They went to the ballot box in the performance of a lofty duty of citizenship, and regardless of candidates, they voted first of all the expressed obligation:

"I am a white democrat and pledge myself to support the nominees of this primary."

And they will redeem it.—Houston Post.

## COMMERCIAL CLUB.

Directors meeting of the Cameron Commercial Club of Friday night, September 22.

Roll call showed the following present:

Officers—Robert McLane, president; W. W. Chambers, vice president; J. C. Tucker, treasurer; W. B. Skelton, secretary.

Directors—J. W. Coleman, J. T. Parma, Dr. Jas. Watson, Jno. E. Mangum, Geo. T. Graves, C. W. Lawrence, H. M. Hefley, C. R. Phillips.

Committee Chairmen—S. P. Cross, W. M. Cobb, W. G. Gillis.

Minutes of previous meeting were read and upon motion adopted.

W. M. Cobb, chairman of the Agricultural committee reported plans for the Live Stock Show, working nicely, that it had been decided to not attempt to organize a Fair Association for this year but to raise sufficient funds thru public subscription to defray the expenses of the fair with the exception of the amount made on gate receipts. It was suggested by Dr. Watson that a Ticket Selling committee be appointed to canvass the town with ticket sales before the fair opens. The matter was left to the Finance Committee of the Fair to raise the necessary funds as its members saw fit.

Attention was called to the fact that next Friday night would be held the semi-annual meeting of the club, at which time officers for the ensuing six months will be elected.

On motion from W. M. Cobb, seconded by H. M. Hefley the meeting hour of the club was changed from 8 o'clock to 7:30 p. m.

President McLane called attention to the fact that he has been president of the club since its organization and asked that a new president be elected on next Friday night. This subject was discussed by several present and the hope expressed that Mr. McLane would consent to serve another term.

## MINERAL RESOURCES OF TEXAS

Under the title of "Mineral Resources of Texas," our Magazine Section, to be issued October 12th, gives in detail the valuable building materials of Texas, such as red and gray granite, marble, limestone, sandstone, clay, lime, cement, gypsum, sand, gravel, etc.

# \$250 Reward

For evidence that will convict the dirty coward who threw a lighted match or cigarette into my wagon of seed cotton, driven by a negro on the McCown bridge road on Monday September 25th. He is supposed to be one of three young white men who passed the negro in a Ford car a few seconds before the fire broke out.

I would be glad to communicate with the white gentleman who was kind enough to assist the negro in saving part of his load and my wagon. The negro did not know who he was.

## R. L. BATTE

# STOP

Fraudulent Check Alterations  
That Endanger Your Check Balance.  
Safeguard Yourself Without Cost

Frequent newspaper stories tell of mailbox robberies and other schemes promptly followed by raised check losses suffered by bank customers whose checks are thus illegally procured.

The Ben Arnold State Bank furnishes each of its depositors Super-Safety Insured Checks without any charge which positively protests them against any loss of this kind by a \$1,000 insurance bond for each depositor.

The Ben Arnold State Bank is very proud of its ability to offer its depositors this superior protection—safe checks insured against crooked check-raisers who are a constant menace and frequently secure millions of dollars through their manipulations with uninsured and unprotected checks.

If you are a depositor at this bank and have not yet received your vest-pocket insurance bond, call at once and get it.

You are entitled to this protection.

## COTTON PALACE WILL OFFER "PASSING PARADES" AS COLISEUM FEATURE

Waco, Texas.—Cotton Palace officials have announced that the chief attraction in the big coliseum for this year's exposition will be "Passing Parades of 1922." In the selection of this attraction, which will be seen afternoon and night the first week of the Cotton Palace, the idea was kept constantly in mind to present to patrons of the exposition a show that will pack the big hall, seating 10,000 people, to its capacity.

A search was made for something different—the kind of show that has never before been presented in this part of the country.

This unusual show, which set all Chicago agog, and is now playing to overflow crowds in San Francisco, presents a cast of 80 people. Included as a part of the program are the famous "Peacock" and "Pearl" dances.

The wide variety of numbers on the program has provided the costumers and masters of color effects with the opportunity to blend into the revue a continuous parade of striking pageantry, which move the beautiful figurants of the chorus.

Girls in costumes of reconstructed pearls, which vie with the skin in whiteness; colorful nautch dancers; "jazz" steppers who interpret the very latest in modern dancing; dainty ballet girls in their fanciful portrayal of "Milady's Bandbox"; Roman warrior girls in flowing plumes and shining armor all these carry on the bewildering evolutions of the revue. And then there are the girls who emulate peacocks, their brilliant costumes extending more than fifteen feet across the tails, and the Dutch tulip girls in their quaint conceptions.

Through this multi-colored series of features, are carried the singing and dance specialties of the principals. The program moves with rapidity and

there are few idle movements permitted on the big stage. Five matinees have been contracted the first week in order that out of town people may have the opportunity of witnessing this unusual attraction.

### FOUR BIG FREE ACTS AT THE 1922 COTTON PALACE

Waco, Texas.—Four big free acts each day during the Cotton Palace Exposition. That is what visitors to the show will see this year, beginning October 21 and concluding November 5. The Cotton Palace has this year contracted for these four big free acts, with the idea in view of keeping "something going" every minute the Cotton Palace gates are open, hence the arrangement for free attractions inside the grounds.

### FAMOUS KENNEDY SHOWS AT THE COTTON PALACE

Waco, Texas.—An entirely new line-up will be seen this year on the War Path, or amusement row, at the Texas Cotton Palace Exposition. The famous Con Kennedy shows, known throughout the north and east as among the best and most complete of any similar attractions, will furnish the fun "across the creek." It is the first time that the Kennedy shows have ever visited this section of the state, and the entire assemblage will be new and up-to-date, the same as will be shown earlier in the season at the largest amusement resorts of the country. The War Path grounds will be completely rearranged in order to take care of the huge Kennedy shows.

### "BEAUTY OF NATION" AT TEXAS COTTON PALACE

Waco, Texas.—The coronation exercises and queen's ball at the Cotton Palace Exposition this year promises to be more brilliant than ever before. The governors of more than a dozen different states have named princesses to the coronation ceremonies, with assurances

from many more that they will take similar action in the near future.

The queen's ball, long known as the most brilliant social event in Texas, will attract the "beauty of the nation" to the Cotton Palace this year.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, etc.  
Hall's Family Pills for constipation.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35-cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

### \$2.50 PRIZE OFFER BY HERALD COMPANY FOR BEST TITLE.

The Herald is inaugurating this week a column to be known as the "Open Forum" temporarily and will offer a prize of \$2.50 for the best title for this column to be conducted by readers of the paper. This column will be given over to the use of the public for discussion of the topics of the day and all may feel

free to send in their contributions. Turn over to the editorial page this week and read what "Hay Fever" has to say about the dust in Cameron which has been so irritating during the past week.

We want a permanent name for this column and will give a prize of \$2.50 for the best suggestion, the decision to be left to three disinterested parties. Think of a good name and send it in and get the prize.

While introducing this column this

week we present a communication from the American Legion in Cameron on the use of the flag, presenting the regulations. This column will contain discussion of big topics each week. It will be interesting and instructive.

Grove's Tasteless Chill Tonic secures vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 75c.

## WE NEED A LEADER.

History is full of tales of desperate chances which succeeded because some man was not afraid to lead. In America today exists a chance, far from desperate, and but waiting a great leader who will point the way—who will he be?

The press is full of "remedies" for the industrial unrest which results in strikes and lockouts. Editorial after editorial explains that all that is needed is a fuller understanding between capital and labor; a mutual forbearance, a playing each into the other's hand, a co-operation between them for their mutual advantage.

All, it is explained, which is needed is for some great corporation to lead the way and treat labor as something to be considered, consulted, profited, and helped, or some great body of labor to lead the way and, instead of seeing how much they may exact from an employer for the least work, to try the other scheme and see how much they can do in a given time to profit the employer and let the wages depend not on organization and threats, but upon the work done and the spirit of co-operation.

That's all! But as yet the leader does not appear. No great corporation as yet fails to get the best of the bargain if it can when making terms with labor. No labor organization as yet has considered the employing interest before it's own. And if you ask why the answer is plain: because men are selfish, because men distrust each other, because experience has proved to each that neither is wholly to be trusted.

Then the answer, the real answer, is an inculcation of a spirit of unselfishness, and a spirit of trust. In other words, all those who stand in church and admit the Fatherhood of God, must stand in factory, at bench, beside desk, in a bank, on farm, railroad, and in mines, and practice the Brotherhood of Men. Then, and not until then, will the leader arise who will make capital and labor truly fraternal instead of opponents.

## EDUCATION.

We all see. But we do not all see clearly. When we see an evil, we often say, "let us pass a law against it" in the child-like belief that what is forbidden is eradicated.

A prohibitory law may, or may not, be necessary. But unless, behind that law, is the will of us all that that thing not be done, the law does more harm than good. People can not be made over by law. They can be made over by one, and only one thing, education. If we find a base ball game before 11 o'clock on Tuesday an objectionable moral lapse, we may, if we can command enough votes, get a law passed against playing ball until midday on Tuesday. But unless the community feels that what we think is an evil is really evil, the boys and the ball players will play when they get ready, and the community will go country who know the evils of child to see them do it, law or no law.

There are many people in this labor, and many states have laws regulating it. But the law is often broken, and there are many places where there is no law about it. The way to eliminate the evil of child labor is to educate the whole country in regard to it; the law will follow automatically, and the evil be as much ended as piracy, or burning at the stake, or the ducking stool.

There are many people in this country who know that our transportation problem is not solved, while strikes and lockouts continue to interrupt it. The way to make it adequate is not to pass law after law but to educate the all of us so that forbidding this and compelling that, we all know that the whole people's right is superior to any or any group.

Education—not only the wisdom in books, but in the ability to think, is what we all need. Good schools, good teachers, Federal aid, as in the Towner-Sterling bill, now before Congress, to create a Department of Education; these are the hope of all of us who as yet do not see with as clear a vision as do those who lead our thought and crystallize our ideals.

And if we can not get out of the national habit of passing a law about it, let us pass our laws for more and better education.

## NOTICE OF FILING ACCOUNT —ESTATES OF DECEDENTS. THE STATE OF TEXAS.

To all Persons interested in the Estate of Lee Roy Madison deceased L. T. Lewis, administrator of the Estate of Lee Roy Madison, deceased, has filed in the County Court of Milam county, his final account as such administrator which will be heard at the next Term of said Court, commencing the first Monday in October, same being the 2nd day of October, A. D. 1922, at the Court House thereof, in the City of Cameron, at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Given under my hand and the seal of said Court September 9th, A. D. 1922.  
WILL T. YATES,  
Clerk County Court Milam County, Texas.

## THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Lewis Phillips by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 13th day of November 1922, the same being the second Monday in November 1922, then and there to answer a petition filed in said court on the 7th day of September 1922, in a suit numbered on the docket of said court No. 8731, wherein Leona Phillips is plaintiff and Lewis Phillips is defendant said petition alleging: a cause of action for divorce, based upon the statutory grounds of 3 years abandonment, and of abandonment and adultery upon part of defendant, and praying for divorce, cost of suit, etc.

Herein fail not, but have before

said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 7th day of September A. D. 1922.

PENN WOLF,  
Clerk of the District Court, Milam County, Texas. 20 4t.

## COTTON PALACE OFFERS BIG PREMIUM MONEY IN POULTRY DEPARTMENT

Waco, Texas—The Texas Cotton Palace poultry show, which opens with the exposition October 21 and continues for sixteen days, is a breeders, not a hucksters' show. Thirteen years ago, when the Cotton Palace association held its first exposition, the total number of entries was less than 250. The number has increased each year until, in 1921, more than 2,000 fowls were on exhibition. This year the superintendent of the department expects to coop not less than 2500. These fowls will be exhibited by bonafide fanciers and breeders who are in the game for pleasure and legitimate profit, and not by the carload man who buys up specimens of practically everything in the poultry line and shows them at the big fairs for the purpose of taking all the prize money in the nondescript classes.

The Texas Cotton Palace poultry show offers more premium money than any other fair or exposition in the entire south. The regular premium list is liberal, unusually so, in fact, and in addition all breeds are placed on exactly the same level, instead of some being discriminated against, as is usual in the catalogues of a great many fair associations. The special premium list is absolutely unbeatable—ten dollars on best displays of ten birds or more in each of the popular and great utility classes, five dollars each on old pens and young pens in the same classes and many specials on single birds.

The breeder, in sending fowls to the Cotton Palace show, can absolutely rely on his getting a square deal. His exhibit will have the personal care of the superintendent or his assistant, and if his birds get sick, they will receive the best of attention. The small exhibitor has

the same chance to win as the exhibitor who shows a whole string.

The poultry building is one of the best in the South. It has high walls, is well ventilated, has a first class cement floor, and is in every respect an ideal exhibit hall. The cooping facilities have been greatly increased and the coops are the very best that money can buy. They show the birds up to the best possible advantage.

C. P. Van Winkle, editor of the Poultry News of Dallas, an American Poultry Association judge licensed many years ago, and Roy McDonald, the famous breeder and exhibitor of Barred Plymouth Rocks, also of Dallas, will place the awards in the poultry classes. Mr. McDonald will judge the Plymouth Rocks, and his long experience as a breeder of these fowls eminently qualifies him to place them to the satisfaction of all the exhibitors. Mr. McDonald has just returned from the meeting of the committee on judges of the American Poultry Association and passed his examination with high honors.

A large number of applications for space have already been received by the superintendent. These indicate that all of the utility classes will be filled to overflowing and that there will be enough ornamental and fancy fowls to top off the appearance of the exhibition.

There will be an unusually fine display of turkeys; in fact, the Cotton Palace show is noted for its exhibits of the great American bird.

# Are You Healthy?

Has anyone ever told you that, in one respect, you are in perfect health—Well—you are.

When you were born Nature deposited to your credit in the bank of Life a great big ample capital of—nerve force.

You have all the nerve force you ever had—one hundred per cent. Sufficient to restore and keep you in perfect health.

But are you getting full benefit of your nerve force? Is it being distributed to all parts and organs of your body? One thing is certain, if there is an obstruction to the nerve leading to part or organ, there you will find disease. Health is the natural expression of normal nerve control. Therefore, disease is the opposite—the lack of normal nerve control.

Chiropractic is the art and science of locating nerve pressure, which is the primary cause of disease, and removing same. It is scientific because it is proving, every day, that when the adjustment is made, relieving the nerve pressure, Health returns.

# FORMER CAMERON GIRL MARRIES IN ST. LOUIS.

Miss Manie Gandy, a former Cameron girl, was married August 29 in St. Louis, Missouri, to Mr. C. H. Van Fossen of Akron, Ohio.

This news was conveyed to Mrs. Leo Wilkerson of this city in a letter of recent date from the bride herself.

Miss Gandy is well known in Cameron where she lived for four years, while employed with the law firm of Henderson, Kidd and Henderson, and later with Mr. W. A. Morrison, another prominent lawyer of the city.

During her residence here, she was a member of Mrs. Willie Davis, household and a frequent and intimate guest of Mrs. Wilkerson.

After the United States entered the late conflict, Miss Gandy resigned her position in Cameron and went to Washington to engage in war work. It was while thus employed that she met Mr. Van Fossen, who later went overseas as a captain of a company, and the happy event referred to above is the culmination of another romance that brightens the page in the history of these dark times.

Mrs. Van Fossen's numerous friends in the city wish for her all the joy that life can give. Her home will be in Akron, Ohio, where her husband is engaged in business.

## BELL COUNTY FAIR.

With everything pointing to the largest attendance in its history, the gates of the Bell County Fair will swing open at Midway Tuesday morning, October 3rd, for five big days of rivalry and fun. To this end a hundred thousand tickets have been distributed free.

Tuesday will be Temple and Cameron day and will be featured by a gridiron contest between the Temple Wildcats and the fast Cameron High School eleven. Wednesday will be Belton and Bartlett Day with a similar game between the Tigers and Bartlett Hi. With a dozen horses being trained on the grounds, ten coming from Austin, and equal or greater number from Abilene and others from various sections of the State, the longest string of thoroughbred racers, running and harness, ever to participate on the Midway track are in prospect for Thursday, Friday and Saturday of Fair week.

The outstanding feature of the Bell County Fair are: the free ticket plan with only one admission charge to the sporting field, better races and foot ball games, one of the best carnivals more sheep, beef and dairy cattle and more community exhibits that were ever shown before. Other departments are expected to measure up to the standard of former years or better. The exhibit of the local feature of the agricultural department. An added attraction along this line this year will be the exhibit of the State Marketing Department, including a fully equipped radio station in operation.

Among the free attractions will be balloon parachute drops each afternoon. The American Legion will have charge of the concessions. The main building will be devoted to merchants displays.

## TELEPHONE STOCK OFFERED.

The Southwestern Bell Telephone Company, through its local manager, Mr. Elkins has announced the sale of a new issue of its 7 per cent Cumulative Preferred Stock.

This security has become well-known as a good investment because of its safety and the good return offered.

Last April the second issue was offered to the public and was oversubscribed within a few weeks. Since then the stock has continually risen in public favor. The general downward tendency of interest rates should make the security even more popular now.

According to the Company's announcement, more than 14,000 people in this territory purchased the first two issues, buying either for cash or on the partial payment plan. The Company now has stockholders in almost every city or hamlet in the states in which it furnishes telephone service.

This new issue should have a special appeal to the people of Cameron because it is a home investment. Investors seem to appreciate very highly the opportunity to put their money in an investment which they can see working right before them in their homes and offices.

Shares may be bought for \$100 cash and accrued dividend or on monthly installments of as low as \$5 per share. Purchases may be made at the Telephone Office or from any telephone employee.

## NOTICE IN PROBATE.

Notice is hereby given that on August 8, 1922, the County Court of Milam county, Texas, granted to A. N. Green letters testamentary upon the last will and codicil of Mrs. Caroline Yoe, deceased, and that the

said A. N. Green whose residence and postoffice address is Cameron, Milam county, Texas, is now the duly qualified executor of said will and that all persons having claims against the deceased, are required to present the estate of the said Mrs. Caroline Yoe, same within the time required by law.

Respectfully,

A. N. GREEN,

Executor of the last will and codicil of Mrs. Caroline Yoe, deceased.

## "THE TEXAS PIONEERS."

The pleasures, hardships and hazardous life of Texas Pioneers is told by Hon. A. J. Rose, himself a Texas pioneer, in the Cameron Herald of the issue of October 12th. Mr. Rose relates, among other stories, the fight between a band of Indians and two pioneers by the name of Will A. Miller and A. W. Morrow, near the San Saba river, in San Saba county. Miller received 23 and Morrow 20 arrow wounds. Both men survived the battle.

## YOU CAN'T TRUST CALOMEL AT ALL.

It's Quicksilver. Salivates, causes Rheumatism and Bone Decay.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quick-

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

## HOW TO MAKE YOUR SKIN FRESH AND CLEAR

Every woman passes as pretty if only her skin is fresh, smooth and young. It is within the power of every woman to possess this attraction to make her complexion as beautiful as she longs for it to be.

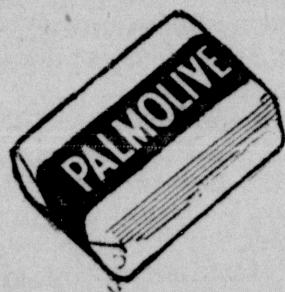

The secret? Cleopatra knew and practiced it in the days of ancient Egypt. She observed a daily ceremonious cleansing. The cleansers she used were the same you may have today, Palm and Olive oils.

These beautifying oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse, creamy and refreshing lather.

Cleansing with Palmolive is a beauty treatment in itself. No woman should say her skin is too sensitive to use soap until she has tried Palmolive. The attractive green cake, the natural color of the oils, is within the reach of every one who appreciates that cleanliness is the greatest beautifier.

You can buy Palmolive Soap at all first class groceries and drug stores.

THE PALMOLIVE COMPANY  
Milwaukee, Wis.

# 10c

silver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. (Adv)

## SHERIFF'S SALE.

THE STATE OF TEXAS  
County of Milam.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Williamson county, on the 11th day of September 1922, by C. H. Gee Clerk of said Court against Lena Wells Dossett for the sum of Two Thousand Five Hundred Forty Eight and 65-100 (\$2,548.65) Dollars and costs of suit, in cause No. 9274 in said Court, styled W. F. Southern vs. Lena Wells Dossett and placed in my hands for service, I, L. L. Blaylock as Sheriff of Milam County, Texas, did on the 20th day of August 1922 levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

Lots numbers 15, 16, 17, 18, 19 and 20 in block No. 34 to the City of Cameron, Milam County, Texas, as shown by the map or plat records of said City as duly recorded in Deed Records of said County.

And levied upon as the property of said Lena Wells Dossett, and on Tues-

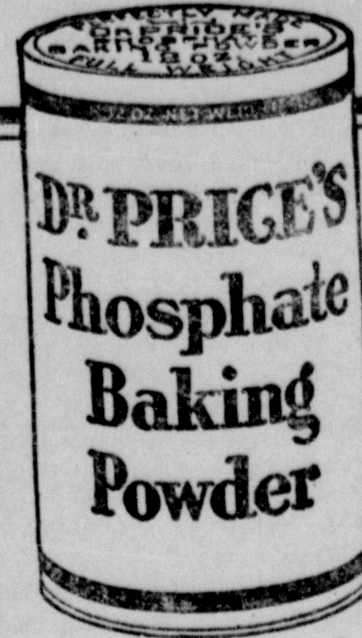

day, the 7th day of November, 1922, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said Lena Wells Dossett by virtue of said levy and said Order of Sale.

And in compliance with law, I give

this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam County.

Witness my hand, this 20th day of September 1922.

L. L. BLAYLOCK,  
Sheriff Milam County, Texas.

# BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of

other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

# ACCIDENT TOLL IC LARGE, SAYS MOTOR LEAGUE.

The Grim Reaper continues to take his toll on the motorists throughout the country, according to the records of the past week of the Motor league as contained in the report of Secretary Jones on the activities of the league's campaign for safety on the highways.

Reports reaching the Motor league from various sources indicate 20 automobile accidents from all manner of causes, with the frightful results of 20 killed, of whom six were children, 20 maimed or seriously injured, and five less seriously hurt.

A summary of the report shows seven killed and nine seriously injured at railroad crossings, one killed on account of a sharp turn in the road, two killed skidding off or narrow road into ditch, three children drowned on account of car rolling off narrow road, two killed on account of narrow bridge, one killed on account of collision, due to absence of lights, four from other causes, while eight of the seriously injured were the victims of skidding into the ditches which were too near the driving surface of narrow roads.

The report in detail shows results of accidents occurring in this locality, from other sections of the State and country as follows:

Local	3	2	3
State	5	13	2
Other States	12	5	0
Totals	20	20	5

It is quite significant, according to Secretary Jones, that narrow highways played a prominent part in the casualties, the ditches so close to the driving surface of the road being responsible for the greater number of accidents. To the narrowness of the highways can be attributed directly the responsibility for eight deaths of the total of 20, and eight seriously and two slightly injured of the total of 25 injured.

"The serious situation, with regard to narrow roads, with ditches close alongside of the driveway, is becoming known to the motoring public since the Motor league has been making known the statistics on automobile accidents. Unless the victim be known

to the general reader, when he sees an account of an accident or hears the report of one, the incident passes quickly from his mind and he is not able to comprehend the magnitude of daily occurrences until he has his attention brought forcibly to the matter in figures totalled in cold type," says Mr. Jones.

It is hoped by the officials of the Motor league at least to secure some good results by the startling revelations their records will produce, and bring home in a measure to each motorist the necessity of careful driving and an insistent demand for wider highways that will make for safer highways. There would have been eight more people upon which they were driving had been of proper width.

"The Motor league appeals again at this week end for co-operation by the general public in helping in this important work," Mr. Jones says: "Reports of all accidents are earnestly sought, either by telephone or in writing, the letter preferred. The interest of the people should certainly prompt them to assist the Motor league in the important work, but it will be continued vigorously by the league if it has to be carried out single-handed and alone.

"One should remember that when they or their loved ones leave on an auto trip, there is no telling if they will return again sound in body or alive. A review of the records of daily mishaps will readily convince the reader that this is not overdrawn. 'Help make the highways safe.' Let that be the slogan."

## THORNDALE STATE BANK IS VICTIM OF RAISED \$1 BILL.

At some time and by some means unknown to them a one dollar bill which had been raised to the denomination of ten found its way into the strong vault of the Thorndale State Bank. The spurious money was found among other currency on Saturday morning and there is no means of determining where it came from or who is responsible for its existence.

The one responsible for this piece of art work did a splendid job of his work in every way except that he neglected to add the "s" to the word "dollar" on the face of the bill. The

figures in either corner were changed by means of white paint. The work was well done, it being almost impossible of detection to the casual observer.

Mr. Clement, the cashier, says they have no clue as to where the work was done or who is responsible and that all he can do is to take his loss of nine dollars and send the currency to

the Dallas Reserve Bank who will give it proper attention.—Thorndale Champion.

## Hot Water Each Morning Puts Roses in Your Cheeks

● To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

● If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

 Low Rates On All Railroads and Interurban

## COTTON PALACE OFFERS BIG PREMIUM MONEY IN POULTRY DEPARTMENT

Waco, Texas.—The Texas Cotton Palace poultry show, which opens with the exposition October 21 and continues for sixteen days, is a breeders' not a hucksters' show. Thirteen years ago, when the Cotton Palace association held its first exposition, the total number of entries was less than 250. The number has increased each year until, in 1921, more than 2,000 fowls were on exhibition. This year the superintendent of the department expects to coop not less than 2500. These fowls will be exhibited by bonafide fanciers and breeders who are in the game for pleasure and legitimate profit, and not by the carload man who buys up specimens of practically everything in the poultry line and shows them at the big fairs for the purpose of taking all the prize money in the nondescript classes.

The Texas Cotton Palace poultry show offers more premium money than any other fair or exposition in the entire south. The regular premium list is liberal, unusually so, in fact, and in addition all breeds are placed on exactly the same level, instead of some being discriminated against, as is usual in the catalogues of a great many fair associations. The special premium list is absolutely unbeatable—ten dollars on best displays of ten birds or more in each of the popular and great utility classes, five dollars each on old pens and young pens in the same classes and many specials on single birds.

The breeder, in sending fowls to the Cotton Palace show, can absolutely rely on his getting a square deal. His exhibit will have the personal care of the superintendent or his assistant, and if his birds get sick, they will receive the best of attention. The small exhibitor has the same chance to win as the exhibitor who shows a whole string.

The poultry building is one of the best in the South. It has high walls, is well ventilated, has a first class cement floor, and is in every respect an ideal exhibit hall. The cooping facilities have been greatly increased and the coops are the very best that money can buy. They show the birds up to the best possible advantage.

C. P. Van Winkle, editor of the Poultry News of Dallas, an American Poultry Association judge licensed many years ago, and Roy McDonald, the famous breeder and exhibitor of Barred Plymouth Rocks, also of Dallas, will place the awards in the poultry classes. Mr. McDonald will judge the Plymouth Rocks, and his long experience as a breeder of these fowls eminently qualifies him to place them to the satisfaction of all the exhibitors. Mr. McDonald has just returned from the meeting of the committee on judges of the American Poultry Association and passed his examination with high honors.

A large number of applications for space have already been received by the superintendent. These indicate that all of the utility classes will be filled to overflowing and that there will be enough ornamental and fancy fowls to top off the appearance of the exhibition.

There will be an unusually fine display of turkeys; in fact, the Cotton Palace show is noted for its exhibits of the great American bird.

### TEXAS COTTON PALACE WOMAN'S DEPT. LARGER

Waco, Texas.—The Woman's department at the Cotton Palace, which occupies the entire second floor of the main exhibit building, will be full to overflowing with interesting relics and culinary articles of every description when the exposition opens October 21.

This department, especially interesting to the housewife, has been made more so this year than ever before. Larger exhibits and more of them, with the addition of many historical features, is expected to make this one of the most popular departments of the 1922 exposition.

### NOTICE OF FILING ACCOUNT —GUARDIANSHIP.

THE STATE OF TEXAS.

To all Persons interested in the Estate of William Madison, Minor: Newton McDonald, Guardian of the person and estate of William Madison minor; has filed in the County Court of Milam County, his application for leave to resign the guardianship, and has accompanied same by an account for final settlement thereof, which will be heard at the next Term of said court commencing the First Monday in October, same being the 2nd day of October A. D. 1922, at the Court House thereof, in the City of Cameron, at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

**MRS. WILL THALER BURN-  
ED TO DEATH AT HER HOME.**

While attempting to light an oil stove at her home in the Detmold Community last Thursday afternoon Mrs. Albertine Thaler, wife of Will Thaler, a prominent farmer of the Detmold community, sustained burns from which she died Friday morning. No other members of the family were at home at the time.

Mrs. Thaler attempted to light an oil stove with a match and just as she struck the match she fainted. The blaze from the match set her clothing on fire and before she regained consciousness she was severely burned on the lower limbs and body which his wife lived with his parents, was later resulted in her death.

A married son, Herbert, who with the first to hear the call of his mother and come to her relief. It is said that when his mother regained consciousness and found herself helpless to extinguish the fire, she called to the front door of the home and called for help. Herbet extinguished the flames and which had gotten started from her clothing in the kitchen and summoned help and medical attention. She suffered in this critical condition until Friday morning about 2:30 when she was relieved by death.

The deceased was 47 years, 10 mo. and 19 days of age, was a native of Germany, being born at Vendisch Ticho, Germany, and coming to this country with her mother and five other children on May 2, 1890, settling at Detmold.

She leaves a husband and four children besides three sisters to mourn her loss. They are: Max and Herbert of Detmold, and Mrs. Adolph Weise, Mrs. Martin Thaler of Sandoval, and three sisters, Mrs. Herman Unnasch and Mrs. Fritz Merkord of Detmold and Mrs. Pick of Buckholts.

Funeral service was held at Detmold conducted by Rev. J. E. Ccheffel, pastor of the St. John's Lutheran church. Interment was made in the Detmold Cemetery.

The Champion extends its sincere sympathy to the bereaved family and friends.—Thorndale Champion.

**KEEP THE RECORD STRAIGHT.**

In referring to the report of the committee appointed by the Chamber of Commerce of Rockdale to secure road sign for the public roads leading to that city, the Rockdale Reporter says in its last issue: "The committee made its report showing that some signs had been posted on various roads leading to Rockdale. These signs all carry CORRECT (the caps are ours mileage information) which is to tell the traveler just how far it is to Rockdale." The Champion has no desire to discredit the work of the committee or to disparage the motive prompting the Rockdale Chamber of Commerce to have these signs put up on the roads and its interest lies wholly in the facts stated, the statement that the signs "give correct mileage information." This the champion does not believe. It does not charge wilful misrepresentation, nor does it believe the Rockdale Chamber of Commerce or the committee appointed by the Chamber is responsible for the error of incorrectly stating the mileage to Rockdale from the sign board we especially refer to, the one located about two miles east of Thorndale which gives the information that Rockdale is only ten miles from that board. Impossible, folks; impossible. The speedometer on the car used by the man who put the sign up was undoubtedly not working properly.—Thorndale Champion.

**J. O. HUGHES MOVES  
INTO CAMERON HOME.**

Mr. and Mrs. J. O. Hughes, formerly of Buckholts, who have recently bought Mrs. W. A. Gillon's house and half acre of ground, moved in Saturday. We are glad to welcome these excellent people to our city. Mrs. Gillon will leave about the middle of October for Dallas where she will have a new home ready for occupancy. At present, she and her son, Robert, have rooms with Mrs. J. A. Whaley.

**MINERAL RESOURCES OF TEXAS**

Under the title of "Mineral Resources of Texas," our Magazine Section, to be issued October 12th, gives in detail the valuable building materials of Texas, such as red and gray granite, marble, limestone, sandstone, clay, lime, cement, gypsum, sand, gravel, etc.

Many of the best roads in Texas are being built from "impregnated limestone," found in large quantities in Uvalde and Kinney counties. Keep up with the march of Texas progress and read the Cameron Herald a newspaper that is alive to the interests of your county and your state.

**J. G. RANKIN A VICTIM  
OF HEART FAILURE.**

J. G. Rankin, about 60 years of age, while in company with Mr. S. N. Caffey, who at the time was peddling some fresh meat he had just butchered, died of heart failure Tuesday morning of last week.

At the time of Mr. Rankin's death they had stopped for a moment at the home of Mr. Joe Brown in the Liberty Hill community where Mr. Caffey conferred with the driver of a tractor plow in which Mr. Caffey was interested. Mr. Caffey was gone only a few moments and upon his return found Mr. Rankin speechless. He endeavored to arouse him but the only evidence of life he could see was that Mr. Rankin breathed about twice after he caught hold of his arm.

Justice Z. T. Gore of Thorndale was notified and held an inquest. Mr. Gore gave as his verdict that Mr. Rankin's death was due to heart failure.

Mr. Rankin was well known here and throughout this section of the county and was engaged most of the time as a traveling salesman for the Raleigh Medicine Company. He with his family made their home at Rockdale where the funeral service was held and where interment was made.

For many years Mr. Rankin made his home near Gay Hill, in this county, spending the greater portion of his boyhood there. He was a splendid man and a member of the Odd Fellows lodge.—Thorndale Champion.

**LOCAL OFFICERS CAPTURE  
LIQUOR AT DETMOLD.**

Officers John Worley and Ed. Beard arrested a Mexican at Detmold Saturday night on a charge of possessing bootleg whisky is violation of law. About a quart of the liquor was taken charge of and several empty fruit jars were found indicating that they had been used as containers to transport the liquor. A large crowd of Mexicans were congregated at Detmold to celebrate the 112th anniversary of Mexico's Independence from Spain, and a most hilarious time was being had. Deputy Sheriff Robinson of Cameron came over to Thorndale Sunday afternoon and carried the Mexican to Cameron where he was lodged in the county jail.—Thorndale Champion.

AN ORDINANCE authorizing Cameron Water, Power and Light Company to require the installation of water meters by consumers and regulating the same:

Be it ordained by the City Council of the City of Cameron:

Section 1. That the Cameron Water, Power and Light Company shall have the right at its option, to require the installation on the premises of any water consumer of a water meter provided that all such water consumers who have not such meters at the date of the passage of this ordinance shall not be required to pay for the cost of the installation of water meters hereunder, in case the said Cameron Water, Power and Light Company requires the installation of same, but such cost shall be borne by the said Cameron Water, Power and Light Co.; but this provision shall not apply to buildings to be hereafter erected or to consumers of water who begin such consumption after the passage of this ordinance. And the said Company shall further have the right to direct and approve the character, size and installation of any and all meters installed, and shall have the right to inspect and examine the same.

Sec. 2. In the case of a "domestic use" water consumer, the size of the meter so required shall not be larger than that now technically known as "three-quarter inch water meter." And where the Company owns the meters it shall have the right to make a monthly "meter service charge" of twenty-five cents per calendar month or a fraction thereof for domestic use.

The foregoing Ordinance was duly introduced and offered for adoption and read in full and on motion was duly referred to the Committee on Ordinances at the regular meeting of the City Council held on the 5th day of September A. D. 1922.

The Committee on Ordinance duly reported the above Ordinance with recommendation that it do pass and on motion said report was received and by an aye and no vote of the Council the rule requiring Ordinances to be read at three different meetings of the Council was duly suspended by a two-thirds vote of the members of the City Council and said Ordinance was placed upon its second reading and after being duly read was passed to its third reading this 5th day of September A. D. 1922.

The rule requiring the foregoing ordinance to be read at three separate

meetings of the City Council was duly suspended by a two-thirds vote of the City Council and same was placed upon its third and final reading and was adopted by the City Council this 5th day of September A. D. 1922.

The foregoing Ordinance after having been duly passed and adopted by the City Council was by me duly approved and ordered recorded in the Book of Ordinances this 5th day of September A. D. 1922.

J. B. WHITE,  
Mayor of the City of Cameron.

**THE STATE OF TEXAS**

County of Milam.

I, R. D. Brown, Secretary of the City of Cameron, do hereby certify true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appears or record in the Minutes and Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 5th day of September, A. D. 1922.

## AUTO RACES AND FOOT BALL AT THE 1922 COTTON PALACE

Waco, Texas.—Thrills galore will be in evidence during this year's Cotton Palace on the race track and athletic field. Several days of automobile racing, with some of the fastest dirt track drivers in the world, will compete for valuable prizes. Automobile racing has proven one of the popular out-door events at the Cotton Palace in past years, and the program this year is said to be far more thrilling than anything ever before attempted in this part of the country.

Three of the biggest football games of the year will be crowded into the Cotton Palace program. Baylor University, located at Waco, will have a busy schedule ahead, when it meets, during the period of sixteen days, Arkansas University on the first Saturday of the Cotton Palace; Mississippi College on the second Saturday, concluding with the ever popular A. & M. clash on the third and last Saturday of the Cotton Palace dates.

Without doubt, this is the most elaborate schedule of grid-iron classics ever crowded into the brief space of sixteen days.

## COMMUNITY CHORUS AT TEXAS COTTON PALACE

Waco, Texas.—A series of community concerts are to be given at the Texas Cotton Palace Exposition, at Waco, each Sunday afternoon and evening, commencing on October 22. The concerts will be directed by Prof. Chas. H. Keep, for some time director of music at Baylor University.

Three concerts will be given each afternoon and three each evening, each lasting approximately one hour. There will be numbers of a nature to appeal to all who love music. The afternoon concerts will be composed of choral selections from the standard oratorios, including Handel's "Messiah" Hadyn's "Creation" and Gounod's "Gallia." There will also be opera choruses from Tannhauser, Lohengrin, and Faust. Some of Waco's favorite singers will be brought in as soloists. It is hoped that the chorus will number close to a hundred soloists. At the final concert, it is planned to sing Gaul's "Holy City," one of the most beautiful of the modern cantatas. For this performance the chorus will be increased to one hundred and fifty voices. There will also be an orchestra or from twenty to twenty-five pieces to play accompaniments at all concerts.

## PRESIDENT HARDING NAMES COTTON PALACE PRINCESS

Waco, Texas.—The Texas Cotton Palace has again received recognition at the hands of the chief executive of the United States. In a letter received from the White House by President W. V. Crawford of the Cotton Palace Association, he is notified that President and Mrs. Harding have named Miss Eleanor Wheeler of Washington as princess to represent the District of Columbia at the coronation exercises and queen's ball. In a letter from Miss Wheeler she states that she gladly accepts the appointment and will be accompanied to the Cotton Palace by her mother. Last year President and Mrs. Harding designated one of the popular social favorites as District of Columbia princess, and ex-President and Mrs. Wilson did likewise before they retired from the White House.

With the naming of the District of Columbia representative, fourteen state princesses have been selected. The governors of thirteen states have chosen their princess and all have notified Cotton Palace officials of their acceptance.

The coronation exercises at the Cotton Palace, in connection with the queen's ball, have long been noted as the most brilliant social event in the Southwest, increasing in popularity from year to year. In addition to the out of state princess, duchess representing many towns and cities of Texas, have been appointed to represent Texas in this brilliant social event.

## POLITICAL ANNOUNCEMENTS

## Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to reduce regular action. It Stimulates and Regulates. Very Pleasant to Take. 40c per bottle.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

# Kellogg's Corn Flakes

## are a taste thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

## Nervous Break-Down

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous break-down of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its

use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my household work and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

## THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Lewis Phillips by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on

the 13th day of November 1922, the same being the second Monday in November 1922, then and there to answer a petition filed in said court on the 7th day of September 1922, in a suit numbered on the docket of said court No. 8731, wherein Leona Phillips is plaintiff and Lewis Phillips is defendant said petition alleging: a cause of action for divorce, based upon the statutory grounds of 3 years abandonment, and of abandonment and adultery upon part of defendant, and praying for divorce, cost of suit, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this 7th day of September A. D. 1922.

PENN WOLF,

## GOVERNMENT SENDING AGRICULTURAL EXHIBIT TO THE COTTON PALACE

Waco, Texas.—The progressive farmer, the man who wants to keep abreast of the times, will be anxious to see the government agricultural exhibit, which will be shown at the Texas Cotton Palace Exposition, at Waco, October 21 to November 5. Below is a brief summary of what the exhibit will contain, the information being furnished in a letter to S. N. Mayfield, secretary of the Cotton Palace Association:

"The exhibits will cover about 4,000 feet of floor space and will illustrate the activities of the department and the results achieved for the betterment of American agriculture. A wide variety of displays will be used. There will be actual working models that give a realistic presentation of the subjects they illustrate. Some of these are of particularly ingenious construction. There will be beautifully colored transparencies, charts, maps, and photographs. Instruments and appliances of all kinds used in the various activities of the department will be on display to show how work of every day value to the people of the country is performed.

**Market News by Radio.**  
"Among the exhibits of the bureau of agricultural economics is to be one illustrative of the radio news service by means of which the bureau's market information is disseminated throughout the country by wireless. There will also be an exhibit illustrating hay-making methods, and the work of the bureau in standardizing market baskets and shipping containers will be illustrated. Many phases of the cotton industry will be illustrated, including cotton standards, sources of damage to crops, manufacturing and warehouses. There will also be a transparency case showing the various grades of live stock animals and meat cuts.

"Among the exhibits of the bureau of animal industry will be a display of the standard varieties of poultry, method of pedigree breeding, a model poultry laying house, methods of tick eradication in cattle, organization and results obtained from a bull association, a model dairy barn for a large herd, pathological specimens showing tuberculosis in cattle, model sheep barns, hurdles, fence, lamb creeps, sheep feeding racks, barn appliances, and the production of beef cattle on farm and ranch.

"The bureau of plant industry will have a display showing the various wheat varieties, a seed exhibit, methods and results of tree surgery, disease of vegetables and fruits on the farm, in transit and storage, and the prevention and control of same, including diseases of berries, cabbage, potatoes, fruit and corn. The production of sorghums, forage crops and fruit is also presented.

"The exhibit of the Forest Service includes a windbreak model showing the proper arrangement of windbreaks on a 160-acre farm in the region of Oklahoma; a post treating model showing an inexpensive way for farmers to treat fence posts to prevent decay and replacements; a fence post panel of treated specimens showing the efficacy of treatment to prevent decay; a box testing model showing how the Forest Products laboratory tests boxes, and a panel showing the bad effects of lumbering without consideration for the future.

**Construction of Roads.**  
"The bureau of public roads will display models showing the construction of plain and bituminous macadam roads and concrete roads; road relocation, and light box showing grade crossing elimination; also federal aid roads in the central states.

"The weather bureau will display climatic charts and an instrument shelter and rain gauge, pictures of weather bureau buildings and instrumental equipment and pictures showing results of wind and weather.

"The bureau of soils will have a display showing soil surveying and the component particles of soil."

## ARE YOU READY FOR A BUSINESS POSITION?

**DEMAND FOR HELP**—A recent country wide investigation of employment conditions to get information as to the type of help in greatest demand showed the following results:  
Out of 2445 advertisements for help 1338 specified a business training and 524 of the remaining 1107 were for positions that office assistants grow into. No other profession can claim one-fifth as great a demand. In fact, this proves that there is a greater demand for business trained men and women than all other trades and professions combined. Are you passing up a business training and its wonderful opportunities to become a day laborer, house-maid, department store, clerk, telephone operator, factory hand, etc?

There is a business position awaiting you.

Are you ready for it? Can you enter a business office knowing that you can handle a bookkeeper's desk, do the work of a stenographer or private secretary, or hold any one of the specialized places open in the modern business office? The big salaries come to man or woman who can Do One Thing Well. Training is necessary. Have you been drilled in the basic principles of business that will enable you to hold higher-salaried and more responsible positions as the opportunities arise? Unless you know these things, the chances of your success are small.

Make up your mind to train to start your business education NOW. Every day that slips by is a loss to you—it puts a good position and a good salary further away from you.

A few months in our institution, the largest business university in America, will give you the training you need. You can never make a

better investment than in a business education. You can get here the most thorough, complete and practical courses to be had, in the least time and at the least cost, and our Employment Department will place you free of charge. Fill in and mail coupon for catalogue with full information as to our courses.

**NOSE CLOGGED FROM A COLD OR CATARRH.**

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, head-

ache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nos-

trils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid. (Adv)

## Take Your Cotton to R. L. Batte's Gin

WE HAVE THE MACHINERY THAT DOES THE WORK.

We have lately installed these new Super Cleaners at our Round Bale Gin at Cameron and also at our gin in Ben Arnold. These new Super Cleaners attached to each gin stand take out all leaf trash and raise your grade above any other cleaner in Milam county. We have not taken out any of our old cleaning machinery but have installed these additional and at our Round Bale Gin they are on the side that gins your square bales. No other cleaner like ours in Milam county but all gins will have them next season. These are the cleaners that got us cotton enough to cause us to run our Gin No. 2 day and night.

We clean the yard every day and you don't have to wait now. Bring us your seed cotton and cotton seed. We buy every day in the year except Sunday.

R. L. Batte.

## BELL COUNTY FAIR.

The Bell County Fair which opens at Midway Tuesday Oct. 3rd and runs five days is expected to prove one of the most popular exhibitions in the history of the Association. More than a hundred merchants of the County are giving away thousands of tickets and so wide will be the distribution that the Fair will be practically free it is announced.

Football and horse racing will feature the sporting program. The Temple Wildcats will meet the Cameron High School eleven in a spirited gridiron contest the opening day. Wednesday of the Fair week the Belton Tigers and the Bartlett Hi team will play and Thursday, Friday and Saturday will be devoted to fast running and harness races. A purse of \$1250 for the three days is offered by the Association. Several horses have been in training at the Fair grounds for weeks and more than ordinary interest is being shown in the races. The Midway track which is one of the fastest half-mile dirt tracks in the State, is being put in first class condition.

The feature of the agricultural department will be eight community exhibits. These communities will first hold local fairs and pick the best of their products for the exhibit at Midway.

The hog, sheep and poultry exhibits at the Midway exhibition are always good and more than usual interest is centering about the dairy and beef cattle departments this year. Lampasas county will send one or more cars of shorthorns and Herefords.

One of the Wortham Carnivals will be here for the five days. With the free ticket plan in operation the largest crowds that ever attended the Fair are expected.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic. A few doses will make a child healthy and happy. Name on wrapper.

## To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets), stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 35c.

AN ORDINANCE for the protection of the public health; regulating the inspection of cattle, sheep, goats, and hogs intended for slaughter and for sale within the City of Cameron, Texas; providing for an inspector of animals; prescribing the duties of inspector of animals; providing for form of certificate of slaughter; fixing fees of inspector of animals; prescribing the duties of persons offering for sale, possessing for purpose of sale or for purpose of offering for sale, or selling any carcass, body or portion of carcass or body of animals; providing penalties; and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS—

Section 1. There is hereby provided for an inspector of animals intended for slaughter for the purpose of sale or offering for sale in the City of Cameron, Texas. Said inspector shall be known as the Animal Inspector of the City of Cameron. The Marshal of the City of Cameron shall be ex-Officio Animal Inspector of the City of Cameron.

Sec. 2. It shall be the duty of the Animal Inspector of the City of Cameron to inspect all cattle, sheep, goats and hogs intended for slaughter for sale or for possessing for purpose of sale or offering for sale within the City of Cameron, upon the verbal or written request of any person; and said Animal Inspector of the City of Cameron shall make said inspection within two day-light hours after the said request is made of him. Said Animal Inspector shall not be required to go further than one-half mile outside of the city of Cameron to make any inspection.

Sec. 3. It shall be the duty of the Animal Inspector of the City of Cameron to issue a certificate, to be known as a "certificate of slaughter" to the person requesting inspection of any head of cattle, sheep, goat, or hog, for each animal found by said Inspector to be wholesome and fit for human consumption.

Sec. 4. It shall be the duty of the Animal Inspector of the City of Cameron to refuse to issue a certificate of slaughter to any person covering any head of cattle, sheep, goat or hog that is unwholesome or unfit for human consumption.

Sec. 5. It shall be the duty of the Animal Inspector of the City of Cameron to issue, at the request of any person desiring to sell any carcass of any inspected animal to more than one person for resale, as many duplicates of a certificate of slaughter as may be requested, said additional certificates to be marked duplicate and designated as "a," "b," "c" and so on, according to the number issued, in

addition to the number of the certificate.

Sec. 6. The following animals are hereby, for the purposes of this ordinance, declared to be unwholesome and unfit for human consumption, to-wit: any diseased animal of any kind; any seriously wounded, bruised or injured animal; any sick, feverish, or unhealthy animal; any weak emaciated, or badly drawn animal; any animal poor and weak from old age; any animal with sores, ulcers, or any other irritation; any boar of any greater age than 3 months; any bull of a greater age than 6 years; any ram or any billy-goat of a greater age than 6 months; any cow or heifer in a condition of pregnancy further advanced than 6 months; any ewe, sheep or nanny-goat in a condition of pregnancy further advanced than 8 weeks; any female animal within suckling period; provided that the enumeration of the classes of animals from the definition any animal which herein shall not operate to exclude may be unwholesome or unfit for human consumption by reason of some condition not enumerated.

Sec. 7. For each head of cattle inspected by him, the Animal Inspector of the City of Cameron shall be paid by the person requesting inspection the sum of fifty cents, and for each sheep, goat or hog inspected by him the sum of twenty-five cents, the said fees to be paid before the inspection of said animals; and the said fees to include issuance of certificate of slaughter in case condition of animal permits issuance; and for the issuance

of each duplicate certificate of slaughter the said Animal Inspector of the City of Cameron shall be paid in advance by the person requesting same the sum of ten cents.

Sec. 8. The following shall be the form of the certificate of slaughter which shall be issued by the Animal Inspector of the City of Cameron covering each animal found to be wholesome and fit for human consumption, to-wit:

## CERTIFICATE OF SLAUGHTER.

No. \_\_\_\_\_  
I hereby officially certify that I CITY OF CAMERON, TEXAS.  
have this day inspected at the request of \_\_\_\_\_ Slaughterer \_\_\_\_\_  
Owner \_\_\_\_\_ One \_\_\_\_\_; about \_\_\_\_\_  
old; about \_\_\_\_\_ pounds in weight;  
color \_\_\_\_\_; marked \_\_\_\_\_; branded \_\_\_\_\_  
and have found said animal \_\_\_\_\_ fit for slaughter  
within the next \_\_\_\_\_ hours. This the \_\_\_\_\_ day of \_\_\_\_\_ A. D. 1922, at \_\_\_\_\_ o'clock \_\_\_\_\_ m.

Animal Inspector,  
City of Cameron, Texas.

Sec. 9. It shall be the duty of the Animal Inspector of the City of Cameron to keep a carbon copy of each certificate of slaughter issued by him, and of each duplicate of certificate of slaughter; and any Animal Inspector to keep such copy shall be guilty of a misdemeanor and shall upon conviction be fined not more than one hundred nor less than one dollar.

Sec. 10. It shall be the duty of every person offering for sale, selling, or possessing for the purpose of

sale or offering for sale, any carcass or body, or portion thereof, of any cattle, sheep, goats or hogs, to keep subject to public inspection at the place of sale of offering for sale the certificate, or certificates, of slaughter, covering said slaughtered animal, or animals; and any such person refusing to permit such inspection of such certificates or such carcasses, carcasses, or portions thereof, at any reasonable hour, shall be guilty of a misdemeanor, and shall, upon conviction, be fined in any sum not less than one dollar, and not more than one hundred dollars.

Sec. 10A. Any person who shall, either directly or indirectly, sell, offer for sale, or possess for the purpose of sale or offering for sale any carcass or body, or any portion of any sheep, goat or hog, without first having in his possession a certificate of slaughter duly issued and signed by the Animal Inspector of the City of

Cameron, covering the animal which, or a portion of which, is sold, offered for sale, or possessed for the purpose of sale or offering for sale, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in sum not less than one dollar and not more than one hundred dollars.

Sec. 11. Nothing in this ordinance shall be construed to require the inspection hereunder of any animal raised, slaughtered and sold by the owner thereof incidentally, the said seller not then and there engaging in the butcher or meat-selling business as an occupation.

Sec. 12. The fact that animal flesh that is unwholesome and unfit for human consumption has been sold in the City of Cameron, and that the protection of the health of the public of said City demands prompt action, creates an emergency, and requires that the rule providing for the reading

of this ordinance at three meetings of the City Council be suspended, and this Ordinance put upon its final passage, and this ordinance will take effect from and after its passage, and it is so ordained.

J. B. WHITE,

Mayor of the City of Cameron.

THE STATE OF TEXAS

County of Milam.

I, R. D. Brown, Secretary of the City of Cameron do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes and Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 5th day of September, A. D. 1922.

R. D. BROWN,  
Secretary of City of Cameron.

## ARE YOU HEALTHY?

Has anyone ever told you that, in one respect, you are in perfect health—Well—you are.

When you were born Nature deposited to your credit in the bank of life a great big ample capital of—nerve force.

You have all the nerve force you ever had—one hundred per cent. Sufficient to restore and keep you in perfect health.

But are you getting the full benefit of your nerve force? Is it being distributed to all parts and organs of your body? One thing is certain, if there is an obstruction to the nerve leading to any part or organ, there you will find disease. Health is the natural expression of normal nerve control. Therefore, disease is the opposite—the lack of normal nerve control.

Chiropractic is the art and science of locating nerve pressure, which is the primary cause of disease, and removing same. It is scientific because it is proving, every day, that when the adjustment is made, relieving the nerve pressure, Health returns.

A. B. GUINN

Chiropractor.

#### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of

*Dr. J. C. Fletcher*

just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

# The Pernicious Teachings Of The K's

## IMPERIAL INSTRUCTIONS, DOCUMENT NO. 1---Series AD. 1918, AK. LII

Being official instructions in K-uno in the border Realm of Karacter from the one who traversed the Realm of the Unknown, wrested the solemn secret from the grasp of Night and became Imperial Master of the great lost Mystery. Words of timely Wisdom from the soul of the great Imperial Wizard, who out of Mystic Darkness brings Light—Printed by Ku Klux Press

### THE PRACTICE OF KLANISHNESS—IMPERIAL INSTRUCTIONS, DOCUMENT NO. 1.—SERIES A. D. 1918, AK. LII.

To each and Every Citizen of the Invisible Empire, Knights of the Ku Klux Klan, My Cordial Imperial Greetings:—

To You I Speak, Oh Noble Klansman!

The one great underlying principle of "our" noble Order, one which demands "constant" practice, is—KLANISH FIDELITY—

(4) Vocational Klanishness: This calls for the constant and earnest exercise of this great principle in the Realm of one's business or professional life. Trading, dealings with and patronizing klansmen in preference to all others. Employing klansmen in preference whenever possible. Boosting each other's interest or professional ability; honorably doing any and all things that will assist a klansman to earn an honest dollar, thereby adding to his material wellbeing lightening the burden of life for him and constantly succoring him with new strength and refreshing encouragement. Make it a special point in life to know the nature of a klansman's business or profession and then hold him and his interest well in mind and never let an opportunity pass to turn trade or patronage to him and thus you will help him to succeed and be happy and thereby you will add to the force of joy towards dissipating the sorrow, grouch and gloom of this life and making the world brighter and better by your having lived in it.

For an example: If you should come across a person interested in the purchase or sale of real estate scan your list of known klansmen and if there be one who is in that line of business, though you may not be so intimately acquainted with him, urge this person to see your particular real estate man. It is presumed there is a profit to be made in the transaction if consummated, then do your part in endeavoring to turn the profit to a klansman. You must not tell this person why you insist on him seeing this particular real estate man, other than that he is worthy and deals honorably. He is a klansman and you can safely recommend him. Apply this method in regard to klansmen who are doctors, lawyers, dentists, merchants, barbers, opticians, carpenters, insurance men, taxi cab owners, automobile dealers and ANY and ALL other vocations of men. Again, a clerk for instance, or other employee of a shop, to hold his position must make good, his advancement hinges on his ability to produce business; therefore deal with those firms or persons who employ klansmen in their business and have your dealings with your fellow klansmen in person therein employed that he, or they, might get credit for the business done. If possible let the employer know that you deal with his firm on account of this particular man being employed by him.

Think seriously and soberly along this line of the application of this great principle and the greatness of it in its ultimate range will overwhelm you, and you will readily see what you have lost in the past by the common method of fraternal practice you have followed. Oh, how miserably meaningless is the so-called fraternity of the multitude of so-called fraternal orders! How disgusting to a soul unselfish and sincere.

The practice of clainshness is Fundamental with us, it is our mark of distinction as an institution and as individual members thereof; therefore, to be true you MUST train yourself accordingly. In this you will doubtless often be required to make some sacrifice of time or of conveniences and possibly some impulse of personal friendship or of old acquaintanceship, but to attain the lofty ideal to which we aspire it must be done.

Done in the Aulik of His Majesty, the Imperial Wizard, Emporor of the Invisible Empire, in the Imperial Palace, in the Imperial City of Atlanta, Commonwealth of Georgia, United States of America, this the First day of the Fourth Month of the Year of Our Lord Nineteen Hundred and Eighteen, and on the Deadly day of the Windy week of the appalling month of the Year of the Klan LII, and of the Year of the Reincarnation III. Officially uttered, inscribed, signed, communicated and committed to you in the sacred unfailing bond.

WILLIAM JOSEPH SIMMONS, Imperial Wizard.

Suppose you had been slapped on the cheek from the back for a long time and hadn't realized it but were suddenly awakened to the fact that you were being slapped by some fellow who claimed to be better than you just because you did not believe like he did. Would you meekly turn the other cheek and asked to be slapped some more on that other cheek? I don't think you would. You would rise up in your righteous wrath and do some slapping on your own account, and that is what you ought to do.

This is the position every business and every individual is placed in now who does not sympathize with the klan. They have been slapping for some time—from our backs and it is only recently that we have taken notice of these slaps. Now that it has come to an open breach, let us see who can slap the harder. If they are going to boycott everybody who does not believe in them why should not all of us who do not agree with them—boycott them. "What is sauce for the goose is sauce for the gander"—you must fight the devils with fire.

If there has got to be a fight let's have it out now. Then we can go ahead in the even tenor of our way know more nearly what tomorrow may bring forth. We did not start this rumpus but let us hope we will be represented at the finish.

You will all doubtless recall that for several years before the war the German people in this country were said to be clanish in their dealings—and perhaps they were to some extent. They were severely criticised and denounced and condemned for it by people who claimed to be good citizens. Perhaps a part of their criticisms was just and perhaps a part of it was unjust.

During the war the Germans were intimidated in one way and another till a large part of that clanishness was removed from them. Now since the war there has arisen in our midst an organization which is ten times more "Klanish" than the Germans were ever accused or suspected of being clanish. If it was wrong for these Germans to be a little clanish them it is certainly doubly wrong for these self-styled 100 per cent American supermen to be a heap "Klanish" now. That brings us back again to the proposition of "what is sauce for the goose is sauce for the gander."

You can tell where the klan places are by watching your neighbors who you know to K. K.'s—watch where they hand out and where they do their business and where Ku Klux Klerks are employed—then if you have any resentment or fighting blood in you keep away from these places.

It has been said that eternal vigilance is the price of liberty. Be eternally vigilant, keep your eyes peeled and watch for every sign of a K. K. When you see the sign then combat their purpose. That's what they are doing and that's what we must do. When the klan gets ready to stop fighting then we are and not before: We didn't start it.

As stated in a former article this does not mean that we don't want klan patronage. We will treat them as nicely as anybody else and will not allow them to do more for us than we will do for them, but if nothing but a fight will satisfy—then its on.

Respectfully,  
GUS NEWTON, President, Thorndale Mercantile Co.

## THE AUTOMOBILE

(By J. O. MUNN)

I enlarge the radius of human life.  
I am speed made subject to human will.  
I give mankind dominion over distance.  
I open the avenues of all the world to humanity.  
I expand the horizon of human opportunity.  
I give to man a locomotion as rapid and as subtle as his desire.  
I give to his body the speed and mobility of his ambition.  
I promote peace and good fellowship in the human race, for I have bridged the spaces that kept them isolated and ignorant of each other.  
I hurry the master minds of the world to conference places where the destinies of nations are determined.  
I snatch the dying from the scythe of death and outrun him a thousand times a day.  
I am the silent partner in all the business houses of the world.

I save hours out of man's work-day and give them to him to play with.  
I make man free of all the far places of venture, recreation and delight.  
I am the most capable and constant servant in the homes of men.  
I bear the the sick swiftly and gently out to nature whose touch puts the roses into cheeks fatigue has faded.  
I take men from their stifling cities of steel and stone out to the murmuring streams and wind-swept meadows.  
I cement the ties of home and kinship with the blessing of frequent reunion and concerted recreation.  
I give supremacy of locomotion to man whom nature made slower than the beasts.  
I am individual transportation free of all laborious limitations.  
I AM THE AUTOMOBILE.

## Diamond Tires

### Diamond Letter Writing Contest

This will announce the opening of our Diamond Letter Writing Contest, in which 5 prizes will be given away for good letters on why you think Milam County should use Diamond Tires. Contest closes December 1st, 1922.

- First Prize—\$10.00 cash.
- Second Prize—\$8.00 to be applied on purchase of any tire above 30x3.
- Third Prize—\$6.00 to be applied on purchase of any tire above 30x3.
- Fourth Prize—\$4.00 to be applied on purchase of any tire.
- Fifth Prize—\$2.00 to be applied on purchase of any tire.

CORD

DOUBLE DIAMOND

NO OBLIGATION WHATEVER—But if you are a user of Diamond Tires and Tubes, you can really and truly more enthusiastically write a better letter why it is best for you to buy and use these splendid tires.  
NOW TO WIN THE MONEY—After you have talked Diamond Tires with any of your neighbors (if you are not familiar with Diamond Tires) sit down now and write us a good letter telling us Why You Think Diamond Tires Are The Best Tires For Milam County Motorists To Buy, also Why Is It That There IS More Diamond Tires Used In The Western Desert Country Where Heat Is Intense Than Any Other Make? Do not wait, but write us that letter at once and win one of these prizes. We will not be the judges of the best looking letter, neither the neatest, so do not be afraid to write.  
It may develop a latent ability that you have that will be worth money to you. Write us today.

## BUICK BODIES.

As remarkable as are the improvements in Buick body lines, finish and appointments, they tell but a small part of the 1923 achievement. The changes that have been made from an appearance standpoint are at once visible, but they only serve to indicate the great things that have been done to make the new Buick car more mechanically perfect.

Buick engineers have gone to the very heart of the mechanism. Nothing have they left undone to promote increased efficiency, greater accessibility and durability. And they have not overlooked refinements that improve Buick riding qualities, ease, smoothness and silence of operation.

All in all, each of the fourteen passenger models for 1923 is unusual value—the greatest value Buick has offered in twenty years of successful and consistent manufacturing. There is no question but what Buick could dispose of the entire production for the new season at higher prices, but with the greatest production Buick has ever planned prices have been established to permit Buick a reasonable profit and to pass on to the motoring public the benefits a cruing from skilled engineering and scientific manufacturing.

The changes that have been made to improve the efficiency and life of the car are exceptional in their number and character. In the six-cylinder motor, for instance, the cylinder block has been raised and the pistons and connecting rods lengthened so that the pistons no longer over-run below the bottom of the cylinder at the lowest point of the stroke. The new pistons are machined with a tapered relief designed to insure a film of oil on the cylinder walls at all times.

The motor cylinder walls are now chilled by a special Buick foundry process which provides a hard surface where the cylinder walls are subjected to the greatest wear by the pistons.

The Six crankshaft is larger and harder babbitt is used in both the connecting rod and main bearings. Oil is supplied to the main bearings under pressure by individual pipe feeds.

Other bearings, such as the fan bracket bearing in the gearcase cover, have been given attention to pro-

long life.

The valve system has also been vastly improved. The push rod is now a combination of steel and aluminum which means that the valve will have the same clearance from zone to the boiling point. Felt has been placed around the valve stems inside the valve springs to carry oil for the valve stems and guides. More positive lubrication is also assured the front camshaft bearings by a new oil well.

The Buick specially designed clutch has also been improved. The clutch hub, for instance, is now a drop forging and the bearing surface are hardened accurately machined and ground.

The electrical equipment has also received minute attention. The motor-generator has a higher charging and cranking range and the brush holders have been improved, as well as more accessible oilers provided for the generator bearing.

The Six spring suspension has been

modified so that the forward end of the rear spring is 14 inches longer than the rear end. This results in lowering the car, reducing rebound and sideways. The steering gear housing has also been changed to eliminate the possibilities of leakage of lubricant.

Changes in the Buick Four are similar to those of the Six. The bodies have been redesigned and a pick-up has been placed in the frame over the rear axle which permits the rear end of the car to be lowered.

It is really impressive to note the attention that has been given to the mechanisms of both the Six and Four. Tremendous strides have been made in incorporating added refinements with the practices that have made Buick the standard of comparison in personal transportation for twenty years.

Out of the many seasons of Buick cars has developed the new line, fundamentally Buick, yet surpassing by

far anything that Buick have ever before offered the motoring public. Every change has passed the severe tests of Buick engineers; everything that it has been possible to do has been done to make Buick a better car.

The excellence of the complete line, combined with the astonishing prices, has established a precedent not only in the history of Buick but also in

the history of the motor car industry.

## GIRL'S STATEMENT WILL HELP CAMERON.

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not

agree. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. For sale by the New Cameron Drug Co.

## We Sell, Rent, Repair and Recharge

auto batteries. Everything in the battery line can be taken care of here. If you need a new battery, if you wish to rent one, or have it repaired, or if you need only charging, all these matters will be done by us to your complete satisfaction.

## Cameron Battery Service Station

JACK OWENS, Proprietor.

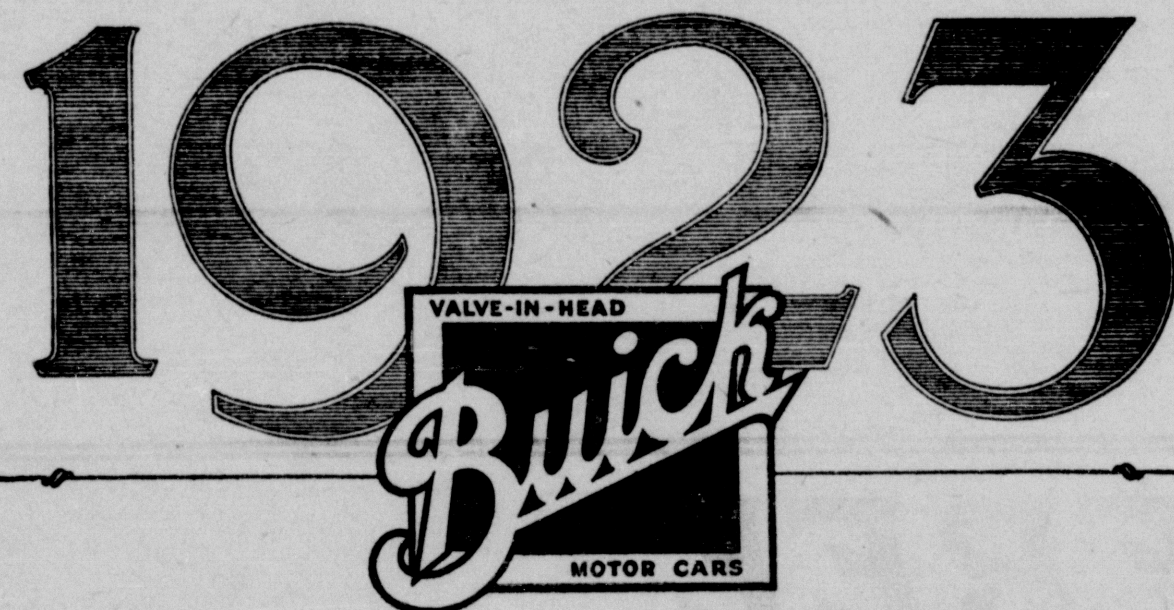

## The Buick Creed

A Buick automobile must be so built that it will, at all times and under all circumstances, give the owner uninterrupted use of his investment.

Every Buick owner is entitled to, and will receive, prompt and efficient service—the kind that will insure him the motoring pleasure he expects.

Buick reputation, so pre-eminently firm and fair, was not won by chance, but is due to the policy established with the production of the first Buick car and so consistently adhered to ever since—that of giving the owner the maximum of service for the minimum of cost.

No matter what its price, a Buick car must and will give maximum of that service for which it was intended, and must bear its proportion of the responsibility of maintaining that high prestige which Buick cars have attained.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

**Studebaker**

LIGHT-SIX

## CLOSED CARS

Present prices are the lowest at which Studebaker Light-Six closed cars have ever been sold.

Yet the intrinsic values are emphatically the greatest Studebaker ever offered. This means they are the best values that the industry affords, because Studebaker cars have always been above par in the amount of value per dollar invested.

Capacity production and the savings resulting from Studebaker methods of complete manufacture make these low prices possible.

Light-Six closed cars are sturdily built of finest materials and best workmanship. The bodies are the product of

Studebaker skill and craftsmanship, and the prices of \$1550 for the Sedan and \$1225 for the Coupe-Roadster are no index to their inherent value.

When you buy a car you want to look at several makes. Include Studebaker in your list and after you have ridden in the Light-Six Sedan or Coupe-Roadster it will not be difficult to make up your mind.

The foundations of Studebaker success are quality, durability, comfort and integrity—principles that have been upheld steadfastly by Studebaker for seventy years. You can depend upon Studebaker automobiles because of the name they bear.

**THE BUICK MODEL 23-SIX-55  
4-PASSENGER SPORT TOURING**

By A. E. Schiller, Buick Dealer.

Beautiful in appearance, rich in contrasting colors, spirited and eager in performance, the Buick Model 55 Sport Touring Car is the modern counterpart of the old-time tallyho. It is an outing companion of the finest sort, harmonizing in spirit and in purpose with the week-end trip, the cross-country run or the spin to country club or the shore.

The car literally sparkles with light and color. The richly painted body is beautifully rubbed and finished and forms a pleasing contrast with the graceful one-piece fenders enameled in black. The radiator is heavily nickled and polished, with dumb-bell type radiator cap and motor-meter. Running boards are bound in nickel, the step plates have nickel guards and the top is bound in nickel an leather, while the trunk rack guards are vertical nickel bars.

The trunk rack and trunk are of special construction. The gasoline tank has twenty-two gallon capacity and the spare tire carrier is designed for two tires.

All upholstery inside the car is trimmed in special embossed leather. The floors in both front and rear compartments are completely covered with fine carpet, that in the driving compartment extending clear up the slope under the cowl and being protected below the foot controls by a large rubber heel plate.

The driving compartment is genuinely luxurious. The windshield is protected by a sunshade and on either side are bevel plate glass windshield wings. An adjustable rear vision mirror is mounted above the driver's head and a windshield wiper is anchored to the upper frame of the windshield.

On the leather-covered instrument board will be found every convenience, including an electric cigar lighter, combination speedometer and clock, combination gasoline gauge, oil pressure gauge and ammeter, and glass-covered ignition and lighting switch with push button dash lamp.

Both control lever and emergency brake lever are nickel-plated the control lever being surmounted by a walnut ball to match the walnut horn button.

The top is made of special material. Side curtains are of the same color, with split lights and signal pocket for the driver's hand. The back curtain light is a plate glass in a nickel frame.

An extra weather strip is furnished with the side curtains and this, together with the new type weather strip for the windshield, makes the car practically rain and wind-tight.

This car is built on the big Buick chassis and has a wheelbase of 124 inches. With its length, its unusually low center of gravity and its springs with main leaves of vanadium steel, with snubbers on the front springs, its riding qualities permit speed, comfort and safety on country roads.

**HIGH GASOLINE  
MILEAGE MADE  
IN ROAD TESTS.**

E. W. Williams, dealer at Bennington, Vt., recently completed a most accurate test of the new Super-Six motor to show what it will do under actual conditions of normal usage. The tests were conducted from July 21 to 30 throughout the territory surrounding Burlington, Vt., with that city as to base. When the test ended it was found that 619 miles of average northern Vermont roads had been traveled, all of them with a driver, a disinterested observer and from one to three other passengers in the car, at an average of 19.77 miles per gallon of gasoline. Oil consumed during the entire run was three pints and seven ounces. No adjustments were made and the car remained in perfect tune throughout.

Before the test started, all gasoline and oil were drained from the car. Six parts of oil were then put in the crank case and the 'gas' tank filled full. Sufficient gasoline to fill the tank again, and carefully measured before the observers was added after each trip.

Average northern Vermont roads, Mr. Williams writes, are sand, dirt and macadam, and there are numerous big hills. Due to summer road construction, considerable newly laid gravel was encountered. The percentage of good roads was small, he adds.

During the test, the Super-Six made five trips each day, starting from the Burlington Motor Sales, Inc., service station. Anyone who cared to make one of the trips, which lasted about an hour each, was invited. Trips were made at 9 and 11 a. m. and at 1, 3 and 5 p. m. Both gasoline and oil were bought from another service station to prove that the same gasoline and oil that the average motorist would buy were being used. Five different men drove.

All were told to drive at average speed. Inasmuch as trips were made over a period of more than a week and at various hours of the day, traffic encountered was what would normally be found. All the main roads leading into and out of Burlington were traversed an number of times.

By advertising the test for several days in the newspapers before it started, the entire surrounding territory was cognizant of what was being done and interest created was considerable.

"The effect of the test was simply amazing," Mr. Williams writes. "It sold cars during the week and since then it has sold even more. For immediate effect, it outdid anything I have ever tried."

This method is a splendid one for getting before the public exactly what Hudson and Essex cars will do, and because of its success in the various parts of the country where it has been tried with the former Super-Six motor and with the Essex, and because of the dignified way in which it is done, we do not believe it can be beaten for real effectiveness. The performance Hudson and Essex cars have made, are making and will continue to make are, after all, their strongest selling points.

**I DOUBT IT!**

By KAY W. GEE.

Maybe you like to stay home all the time,  
Maybe your heart's cold to Nature sublime,  
But I doubt it.  
It may be that birds never sing you their song  
As they skim o'er your head and slip gaily along,  
But I doubt it.  
Perhaps you don't care to do just as you please  
Or to end a tired day in the cool evening breeze,  
But I doubt it.  
Maybe you've found out some easier way  
To do it than buying a new Chevrolet.  
But I doubt it.

**ECONOMICAL TRANSPORTATION  
IN CHEVROLET AUTOMOBILE.**

The Chevrolet is built for "economical transportation" and delivers it. Chevrolet is the lowest priced car made that is fully equipped when sold.

It is not only fully equipped, but the equipment is also modern and of the standard type that automobile experience has proved desirable and essential.

Any combination of a chassis and body which operates as a self-propelled mechanism may be termed an automobile, but if it lacks important modern accessories or parts, which must be bought to complete it, their cost must be added to the original selling price to determine the final cost.

If any prospective owner of a motor car, seeking the full convenience and advantage of an automobile at the lowest possible price, will compare Chevrolet with any other car sold at any price, he will inevitably buy a Chevrolet, because, equipment considered, it is the lowest priced car made, and as to efficiency and general quality, it is unequalled by any other car at or near its price level.

Chevrolet has ample carrying capacity and ample power to move its load at all the speed that is legal or safe.

As to comfort, Chevrolet is an exceptionally easy rider, because of well-balanced spring suspension, and low center of gravity. The paved highways, being built all through the country, make light weight cars as easy riders as the heaviest.

**Post Office Filling  
Station**

Gas, Oil, Free Air and Water. Tires, Tubes.

"OUR SERVICE WILL BRING YOU BACK."

**J. A. BRISTOL, Prop.**

Your patronage will be appreciated.

For Economical Transportation

**The Lowest Priced  
Fully Equipped Automobile**

**\$525** f. o. b.  
Flint, Mich.

Chevrolet now leads all standard fully equipped cars in volume of sales, proving that it makes good in service and represents today's greatest motoring value. Chevrolet costs least per mile in consumption of gasoline, oil and tires. It costs least per year because of small price and lowest repair bills.

It delivers the most economical transportation available in motoring, yet in construction and appearance it is a credit to its builders and its owners. It has standard 3-speed transmission.

Before buying any car at any price it will pay you to investigate Chevrolet.

Mrs. Arthur Dossett of Hillsboro, returned this week to Cameron from Mississippi where she was called to the bedside of her mother. She left her eleven months old son for a three weeks visit with his aunt and uncle, Mr. and Mrs. W. H. Henley.

Rev. R. C. White who has been in Greensburg, North Carolina, has returned to Cameron to resume his work as pastor of the Baptist church. Rev. White conducted a protracted meeting while there, one of a large number of meetings held this year.

The finance committee for the fair was busy Tuesday afternoon raising money for the premium lists and the expense of advertising the fair. It is hoped that the fair can be held on a business basis next year by organization of a stock company and the purchase of suitable grounds for the fair.

Leon Collins who is employed in Marshall as a dry goods salesman visited with his father, Max Collins, in Cameron last week. Leon has been promoted to be manager of the shoe department in the store in which he is employed and his friends in Cameron will be glad to learn of his advancement.

Drey S. Rogers and family of Buckholts, have moved to Cameron and will make this their home in the future. Mr. Rogers was nominated for sheriff at the July primary and will take oath of office on January 1. His many friends in Cameron will be glad to learn that he has moved here and that he is to be a citizen of the town.

George Banzhaf, county farm demonstrator, will be in Cameron Friday and Saturday to attend the Milam County Fair and to aid in the handling of the livestock exhibits. Tops for the stock were received early this week and have been erected to house the livestock. The park has been cleared of underbrush and will be a suitable place for pens to be built for the livestock, especially the hog exhibits. An unusually large exhibit of poultry is expected for this fair.

Chas. Mowdy has gone to Honduras in Central America where he will make his home in the future. Friends here of Mr. Mowdy will be interested to learn of his sojourn to the tropics and wish him success in his new location. In a letter written to his brother in law, Wylie Mangum, Mr. Mowdy orders the Herald sent to his Central America address. Four Cameron boys are now in Central America and all of them receive the Cameron Herald. They are: Dick and Billie Clark and Chas. Mowdy.

## DOLLY'S BIRTHDAY

"Dolly's birthday is coming!" "Dolly's birthday is coming! Soon, very, very soon now it will be here." And at last it could be said, "Dolly's birthday is here."

Now you may think that Dolly is a very particularly nice doll, but you are wrong. Your guess would be a very good one, but even the best of guesses sometimes are not right.

For Dolly is a little girl. Her real name is not even Dolly, so you see how hard it would be for you to guess anything about Dolly.

Her real name is Margaret, but because she is small and dainty and a great pet and a great favorite she has always been known as Dolly.

At least that is the name she is called by those who love her very much and who know her very well.

Her family call her Dolly and it is a very great compliment when one's family finds that only a pet name will do, for a family is very apt to know one very well indeed, oh, so very, very well.

Yes, it was Dolly's birthday over which there was so much excitement and at last Dolly's birthday had come.

Dolly's birthday had usually been celebrated at eleven o'clock in the morning, but this year it was to be celebrated at supper time and Dolly was to sit up one hour and a half later than usual.

It would be such fun to sit up a whole hour, and then a half of an hour besides, beyond the usual bed

"The Packages Which He Had."

time. An hour was nice in itself but that extra half hour would be such fun!

There would be piano playing and singing and games and fun and then there would be extra nibbles of food, for even though there was to be an unusually good supper, still there would be a little room left by everyone for an extra crumb or so of cake. Not to mention an extra candy. Dolly was to have a cake. And candles too. And around her place there would be flowers and ferns. The candles would burn brightly on the cake. Every single thing would be done to make the birthday a very festive occasion.

Now, as I've said, the birthday had come at last as birthdays will do. Sometimes they seem rather slow about arriving. They seem to take their time. But it really doesn't matter if they do take their time for they seem to be more exciting when they do that way. The Fairy Wondrous Secrets had been very busy doing up all sorts of wonderful secrets for Dolly's birthday and she was sending them along by the Dream King.

The Dream King had sat upon Sleepy Time cloud, which is his favorite seat as you know, and he had decided that not only would he call upon Dolly on her birthday, but he would call upon her the night before her birthday, too.

The packages which he had with him were wonderful.

In one was Happiness.

Perhaps you do not know how Happiness can be wrapped up in a package and only the Dream King and Fairy Wondrous Secrets know just how to fix up this package. But it contains many little parts and when these parts are scattered about by the Dream King they take up their abode in a person's room.

Then, too, they follow a person around, very often, very, very often Happiness finds its way straight to a person's heart and there it stays most contentedly. In another package was Long Life and it was going to follow Dolly about. In yet another was the Key-to-the-Secret-of-Knowing-How-to-Enjoy-Things. That was one of the best packages of all, for that key can unlock so much joy.

And that key was going to be given to Dolly! All through her life she would know how to enjoy things, not just big presents but all sorts of things about her, such as the flowers and the birds, a garden, and the love of her family and of many friends.

These were some of the Dream King's packages and he gave them to Dolly. There were presents from her family and her friends and when the candles upon the cake were lighted at supper that very evening everyone felt the candles were burning more brightly than ever.

And indeed they were. They wanted to be their very brightest in honor of the very bright little Dolly.

And the "Many Happy Returns" which were wished her were meant indeed. Oh, I can well assure you of that!

The Chambers-Hefley Motor Co., this week has received a car shipment of Ford Automobiles. The company while selling a large number of cars this fall, are able to make deliveries. The prospect of a shut down of the Ford factories has been lessened because of the receipt of coal by Mr. Ford to run his plants.

To Cure a Cold in One Day  
Take LAXATIVE BROMO QUININE (Tablets) stops the Cough and Headache and works off Cold. E. W. GROVE'S signature on each box.

## A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 69c.

## Head Stuffed By Catarrh or Cold? Use Healing Cream

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.

## You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 69c per bottle.

## Ironized Yeast Brings Marvelous Beauty to Skin

Science Now Proves How Complexion is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy, rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins-and-iron. This recipe of Nature, "Ironized Yeast," is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamins-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Muddiness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Pimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. The never lose their power. Mfg. only by Ironized Yeast Co., Atlanta, Ga. Get ready to be supremely happy.

# ROAD BUILDING MORE EXTENSIVE IN ALL SECTION NOW.

New York, Sept. 23.—That the country has so far returned to a prosperous condition that public and bond issues proposed, voted and sold in Aug. 1922, by far exceed those proposed, voted and sold in Aug. 1921, is shown in statistics just compiled from reports to the Asphalt association, this city. The reports show conclusively that the construction of public roads, instead of having reached its peak, is becoming more extensive in all sections of the country.

Bond issues for road construction reported sold in Aug. 1922, amounted to \$16,631,351, compared with \$15,583,413 for Aug. last year. Bond issues reported as proposed totalled \$59,372,973, compared to the \$56,590,700 reported in August, 1921. Proposed bond issues for August 1922, increased \$48,159,973 over the \$11,213,000 reported in July, 1922, and \$46,490,973 over the \$12,882,000 reported in June. The reports are from States, counties, parishes, townships and road districts throughout the country and are plainly indicative of the steady growth of the good roads movement.

The Asphalt association established its department of economics on Aug. 1, 1921. Its reports show that from that date to August 1, this year a total of \$748,563,000 was reported in road bond issues proposed. Of this amount the sum of \$541,524,780 was actually voted and \$368,966,593 worth of road bonds were sold to finance construction. New Jersey led all the States with \$91,455,000 in bonds proposed, Georgia being second at \$77,040,000 and South Carolina third at \$72,850,000. Pennsylvania, with \$69,039,000, was fourth and Kentucky with \$52,450,000 ranked fifth.

The reports on road bond elections put Missouri first with \$71,782,000 voted. Texas, with \$57,534,500, was second and North Carolina, with \$44,308,365, was third. Next in order came Pennsylvania with \$33,964,387 and Alabama with \$38,329,250.

Reports on the sale of bonds showed that North Carolina, with \$50,472,850, led all States in the disposal of road bonds, while Texas was second with \$30,023,000. Three States almost tied for third place, Michigan selling \$19,966,125 worth of bonds, Oregon \$19,917,190 worth and West Virginia \$19,741,000.

## "WELCOME" SIGN IS BROUGHT BACK BY STUDEBAKER.

At the big Studebaker factories at South Bend and Detroit, as well as in the show rooms of Studebaker dealers everywhere, the first thing that confronts the visitor is an attractive sign displaying the word "Welcome."

When an employe steps inside the door in the morning he is met by the sign of welcome. The salesman who visits the Studebaker purchasing department, the man who is seeking a position, the visitor or salesman who calls on a Studebaker dealer are all welcomed in the same way.

No matter what a man's mission may be, he is made to feel at home before he is fairly inside the doors.

This old-fashioned idea which has been the subject of just and ridicule for years has been resurrection by Studebaker and put to practical use which has attracted wide attention and commendation throughout the country.

The familiar old sign of hospitality, the word "welcome," has been lifted from the door mats of a generation or two ago and elevated to a conspicuous and deserving place in new surroundings—the sales rooms of Studebaker dealers in all parts of the world. It has been worked into a handsome sign of gold and green that is suspended from the ceilings of Studebaker show rooms everywhere so that it is the first thing to catch the eye of the visitor when entering.

Very often when a customer enters a sales room the salesmen are engaged and are not always able to give immediate attention to each caller. The customer who enters a Studebaker store can not fail to see the sign which bids him welcome and can not help but feel that here's a concern that wants him to experience that air of hospitality which is too often lacking in present day merchandizing.

"The public is welcome wherever we are," because one is just as true as baker slogan—"This is a Studebaker to become as famous as the Studebaker to a Studebaker sales room promises. The welcome which awaits the visitor signs, and we want them to know it." Recently installed one of these attractive local Studebaker dealers, who has re-Schleeter of Mosehart and Schleeter, Studebaker cars are sold," said H. D. "The public is welcome wherever we are."

Hemstitching and dressmaking Mrs. Allie Kinard, Moore building 4th Cameron, Texas.

## FORD WINS PIKE'S PEAK HILL CLIMB.

The fourth annual Pike's Peak Hill climb contest, held at Colorado Springs on September 4, was won by a Ford special equipped with the Bosch battery ignition system. This news was given out Saturday by the Beard and Stone Electric company, the official Bosch service station in this city.

The driver of the winning car was Noel Bullock, who made the climb in 19 minutes, 50 4-5 seconds. The distance covered was 12 2-5 miles up grades of from 7 to 10 1-2 per cent. The course is marked with 60 curves, most of them being sharp switch-backs.

Glen Schultz in an Essex won second place, his time being 20 minutes and 41 seconds, while Roy W. Beavers took third place in a Chevrolet in 23 minutes, 3 2-5 seconds.

Although Bullock's Ford was entered in the small car event, open only to cars of less than 183 cubic inches displacement, he made faster time than any other car in any event, thereby winning a leg on the \$10,000 Penrose trophy.

This is the first time any four-cylinder car has ever won the Pike's Peak hill climbing contest, and it was a big surprise to the 5000 spectators to see a Ford take first place.

## THE BUICK MODEL 23-SIX-48 FOUR PASSENGER COUPE.

By A. E. Schiller, Buick Dealer.

In size, in wheelbase, in accommodations for four passengers and in sheer performance ability, this Buick Coupe is most generous. Its wheelbase is 124 inches and it rolls on 33 by 4 1-2-inch cord tires. It has the same powerful chassis as the big seven passenger Touring Car and is as luxurious in attractive appointments and niceties as the beautiful Sedan for seven.

Redesigned throughout for the season of 1923, this Coupe presents many improvements that will appeal to the veteran motorist. These improvements begin with the frame, which is stronger and heavier, and end only with the smallest interior details.

This Coupe body is Fisher-built, with new structural features. The body frame is securely bolted together, no screws being used for this purpose, which makes it rigid and proof against the development of squeaks and rattles. The body panels are made in one piece, which does away with joints. The roof is made of a new material, sound-proof to such an extent that it does away with the drumming common to closed cars with faulty roof construction. New door hinges, or neat and strong design, add to the strength and the finished appearance of the doors. New locks are also provided, and new jam plates and guards that give rigidity to the doors when closed, relieving the ocks of this function.

The wide seat is set at a new and more comfortable angle and the same thing applies to the driver's seat. The luxury seat is of the latest type, folding away under the cowl until needed. Special arm rests are included.

The top line has been lowered without sacrifice of head room in the body. But the external appearance of the car has been improved materially as a result, because the car looks much lower and longer. The radiator and hood lines, on the contrary, have been raised, and the sweep of the rear deck changed, so that the prevailing lines are distinctively pleasing.

The interior fittings and trimming have received the same careful attention. There is a new instrument board, with very attractive combination dials done in black on white faces. Speedometer and clock are on one dial; gasoline gauge, oil gauge and ammeter on another; there is also a cowl ventilator control, carburetor choke adjustment and a new combination ignition and lighting switch, with shaded instrument light.

Behind the driver's seat is a large locker and in the rear deck is a flush door opening into a large compartment for suitcases, golf bags and the like.

They include new spring suspension, new hardened steel cylinder block with honed cylinders, longer pistons and connecting rods and many other changes contributing to convenience or to still better performance.

Impressive evidence of the remarkable shifting of public demand for closed cars is shown by the recent announcement of the Fisher Body Co., that they have arranged to build or take over six large plants near Chevrolet assembly plants for the sole purpose of supplying closed cars to Chevrolet Motor Co.

Addition of these new plants will give the Fisher Body Company the largest total manufacturing floor space in the world—the aggregate

being over twenty million square feet, nearly three times the area of the United States Steel Corporation.

According to Colin Campbell, General Sales Manager, Chevrolet Motor Company, Chevrolet is the lowest priced car on the market carrying a Fisher Body, hence it has attracted buyers both from the lower and high-

er price classes because of the high quality of the body and the engineering improvements in the chassis. Chevrolet is now the largest producer of closed cars of this quality.

In one year Chevrolet Motor Company closed car requirements have increased from approximately 9 per cent of its volume to nearly 50 per

cent and indications are that in 1923 more than half of its production will be closed cars.

The new Fisher Body Company plants are located at Flint, Michigan, Cincinnati, Ohio, Buffalo, N. Y., St. Louis, Missouri, Janesville, Wisc., and Oakland, Cal. The plants will be immediately adjacent to the Chevrolet assembly plant and bodies will be carried on endless conveyors direct to the assembly plant, avoiding the expense and delay of freight shipment hitherto experienced because of the distance of the body plant from the assembly plant. It is stated that this saving will be reflected in still finer appointments of the car.

# EVERYBODY Stop, Look, Listen

We wish to offer the following prizes on the Opening Day of the Milam County Fair, September 29th, 1922.

To the best decorated Ford car in the parade \$10.00 cash.

To the best looking girl driving a Ford coupe or touring car in the parade, One Electric Spot light, value \$10.00.

To the ugliest man driving a Ford car in the parade \$5.00 cash.

To the person driving the oldest Ford car in the parade, one 30 by 3 1-2 Goodyear tire, value \$10.00.

To the person driving the most delapidated Ford car in the parade, under its own power, \$5.00 in Ford parts.

All persons wishing to enter these contests will report at the city park at ten o'clock on the morning of September 29th. These prizes will be awarded by the Milam County Fair Judges immediately after the parade.

# The OPEN FORUM

This column, and more, if the need arises, will be devoted in future to communications from the Herald's readers. Any reader may address a letter to the Editor of The Open Forum, dealing with any subject under the sun, with the assurance that it will be published; provided the name of the writer is signed to the letter. If it is desired, the letter may be published under a fictitious name, but the name of the writer must be furnished to the Herald. Anonymous communications, and abusive or vituperative language will not be published. The Herald assumes no responsibility for the authenticity of the statements or the soundness of the ideas advanced in this column. No charge will be made for publication.

## SETTLING THE DUST.

To The Editor of the Open Forum,  
The Herald, Cameron, Texas.

Dear Sir:—

Cameron is the dustiest town in Texas. Every business man and every housekeeper in town knows this. The dust permeates everywhere, and costs our citizens thousands of dollars every year, besides multiplying the discomforts of the dry months.

Cameron is a pretty town. We have many beautiful homes,—whole streets of them,—and many handsome modern buildings. But the colors of our houses, inside and out, are fading fast, and soon we will see nothing but the ashen gray of a buried city.

Cameron is a healthy town. Our rate of sickness and death is very low. Our people are happy in the enjoyment of good health. But the dust that covers us is laden with myriads of germs, and some day—maybe tomorrow—a pestilence will break out and be carried on the dust laden wings of the wind into every home in our fair city.

Cameron is particularly dusty at night and on Sunday, when our industrious street sprinkler is securing his much-needed rest. At these times the automobiles are thickest on our streets, and the dust that they raise like a pall of smoke over the whole town. No need to blame our good friend Merritt; he does the best that he can—the best that can be expected of him. How can he keep the dust laid when not one-fifth of our people pay for sprinkling service? It is out of the question.

Only two solutions are open. The first is paving; the second is municipal sprinkling.

Cameron is big enough and rich towns much smaller have miles of pavement. If our city fathers tell us we can't afford it, then our city fathers should figure out a way that we can afford it. All of the principal streets should have been paved

long ago. It is not too late to begin.

Cameron should sprinkle its own streets. It should buy out friend Merritt and put him to work keeping the dust down on a salary basis, at a living wage. Every street should be sprinkled at least once a day, and the principal streets should be kept continuously damp. When I pay for sprinkling and the neighbor on my south does not, then I get the dust from in front of his house and my neighbor on the north has his trouble alleviated to some extent. But at that, if only little patches of the street are sprinkled, the whole street will be rusty.

Why does Cameron stand for a nuisance that is at once one of the most irritating and at the same time one of the easiest to remedy?

As a tax-payer, a voter, a member of the Commercial Club I call on the Commercial Club and the City Council to SETTLE THE DUST.

Fervently yours,  
HAY FEVER.

## TREATMENT OF THE FLAG.

To the Editor of The Herald.

Dear Sir:—

The spectacle of the American flag being dragged in the dust and suffering other indignities at the hands of the persons who are decorating the town for The Fair has prompted the Officers of the American Legion to address you with a request that you make public the following, which are some of the rules regulating the use of the U. S. Flag and the National Anthem. Desecration of the flag is a criminal offense punishable by a fine. It is our opinion that the loose handling of the flag that we have noted in the recent past has been occasioned solely by ignorance. And for that reason we desire to make public the most important rules as follows:

Do not hoist the flag before sunrise nor let it remain flying after sunset.

When the flag drapes a wall and is hung horizontally, the blue field should be to the left; when hung vertically the blue field should be to the right.

Never let the flag touch the ground when being hoisted or lowered. It should float freely at all times and if caught be released at once.

During the ceremony of hoisting or lowering the flag, or when passing in parade or review, it is customary for all to remain standing in silence. Men's headgear should be removed and held in the right hand level with the left shoulder. If in uniform, men should give the prescribed salute.

The national colors must never be dipped in salute.

In raising other flags with ours, the American flag must be above the others.

The flag must never be draped, but always arranged to hang in straight lines. It must not be used as a cover for a desk, table or box. Nothing must ever be placed on the flag. When clusters or drapings of colors are desired, bunting or cloth may be used—never the flag.

The flag must not be used in whole or in part as a costume, and when worn as a badge it should be small and pinned over the left breast or to the left lapel. It must never be used for advertising purposes—not

even a picture of it.

It is unlawful to trample on, mutilate or otherwise treat the flag with insult or contempt, or attach to it any emblem or inscription whatever. When old or soiled it should be decently burned. Do not drive tacks in the flag.

When "The Star Bangled Banner" is being played or sung, all persons within hearing should rise and stand, head uncovered. The playing of it as part of a melody is prohibited and it should never be played as an exit march.

When the flag is hung as a streamer to be viewed from both sides, as when stretched across a street, the field of blue should always be toward the east or the north.

A pledge of allegiance to the flag: "I pledge allegiance to my flag and to the Republic for which it stands,

one nation indivisible with liberty and justice to all."

A. F. MITCHELL,

Post Commander.

T. S. HENDERSON,

Acting Adjutant.

# ***The Pernicious Teachings of The K's***

---

## **To The Members of all Fraternal Orders of The United States**

Listen to this from William Joseph Simmons, Imperial Wizzard and Emperor of the Invisible Empire  
in the Imperial City of Atlanta, Georgia

---

**“Oh How Miserably Meaningless Is the So Called Fraternity  
of the Multitude of So-Called Fraternal Orders.  
How Disgusting to a Soul Unselfish  
and Sincere.”**

---

Ladies and gentlemen, brothers and sisters of all fraternal organizations. This is nothing more nor less than a dirty low down insult to every one of you who belongs to any fraternal order. So far as I am concerned I resent it with every nerve in my body, and as I see it so should every other person who belongs to any fraternal order. Be he Mason, Odd Fellow, Knights of Columbus, Elk, Eagle, Knights of Pythias, Sons of Herman, Woodmen of the World, Modern Woodmen or any other order that is fraternal.

I have belonged to and still belong to several fraternal orders—all of them are based upon religion—the teachings of the bible—friendship, truth and love, etc., etc. In none of the fraternal orders to which I have belonged and to which I now belong has there ever been a suggestion of the tar bucket and feathers—the lash and the whipping post or boycotts or anything else that was vicious. Their principles so far as I have known them are pure and unassailable and such being the case they will stand the test of the ages.

Who is William Joseph Simmons that he should claim a “corner” on the essence of fraternity? Every person who belongs to a fraternal order should stop and do a little thinking

for himself. If he is loyal to his particular fraternity he should quit William Joseph Simmons. If he is more loyal to the Emperor William Joseph than to his fraternity then he should quit his fraternity. No conscious person can stay with both of them. Such a person is a “double crosser” and extremely inconsistent. If you are a man be one or the other. Be a man or a mouse. Fraternity and Ku Kluxism will not jingle together and cannot occupy the same space.

There are many people—Merchants, Bankers, Butchers, Bakers, and candlestick makers who are trying to ride the fence and say nothing for or against either side. Some of them are even trying to give consolation to both sides. It is going to be embarrassing in the end for the fence straddlers and for those who try to pull both ends of the string. You would be much more satisfied with yourself and the public would have more respect for you if you took a definite stand and stayed with it—Be what you are and be willing to stand or fall on what you believe to be the correct principle.

Respectfully,  
GUS NEWTON  
President Thorndale Mercantile Co.

By MRS. W. A. GILLON

**M. W. AND M. FORTY-TWO CLUB.**

These merry wives and maids met last Thursday with their president, Mrs. James Watson, in business session. There were eleven present.

Election of officers resulted in the election of Mrs. H. F. Smith, Jr., president and Mrs. Tiff Moore, vice president.

Two new members were elected, Misses Gladys Watson and Ruth Henderson.

Rules and regulations were reviewed and it was decided to do away with prizes, but table favors and 84 favors were optional.

Mrs. Watson entertained the club that afternoon on her delightful porch setting room and served delicious sandwiches and ice tea.

The first regular meeting will be with Mrs. Ben Atkinson on the first Thursday in October.

**FORTY-TWO CLUB.**

This club will meet in business session the first Wednesday in Oct. with the president, Mrs. Hayden Lawrence. Mrs. Charlie McDermott is the secretary. This club bids fair to be a great success this coming season.

**STALLINGS-POOL.**

Never did the First Baptist church wear a prettier decking than for the wedding of Saturday evening when Miss Isabelle Stallings was married to Robert Sprinkel Pool of Waco by Dr. L. R. Scarborough of the Baptist Theological Seminary, Ft. Worth and Reverend C. E. Wauford of the local church. The presence of Dr. Scarborough was imbued with sentiment since the first marriage ceremony he ever performed was that of the groom's parents Judge and Mrs. R. B. Pool, he then being pastor at Cameron.

The church decorations done by Fred Wolfe of Waco were all in white and green, delicately fronded ferns forming a base relief and altar rail while floor baskets of French ivory bore masses of waxen lillies while tall altar candles in high sticks gleamed against the green with artistic columnar effect.

The choir in loft above included a number of fine voices the singers wearing frocks of orchid or jade.

The organist was Mr. Marry Lee Spencer of Waco who played the introductory solo of the pre-nuptial concert.

Mr. A. C. Uplegger of Waco sang with Mrs. E. N. Sweatt of Waxahachie the "Barcarolle" accompanied by Mr. Spenier. Mrs. Sweatt's solo was D'Ardelet's "All For You," each number rendered in a finished manner.

Lohengrin's Bridal chorus was sung by Mesdames R. O. Whiteaker, W. J. Cummings, L. C. Cason, M. L. Kennard, M. C. Morse, D. Dennis, W. S. Spear, J. P. Hutcherson, Misses Fairweather, Alexander, Morse, during which the bridal party entered in this wise: Madge Carver in orchid advancing to meet Robert Marshall of Hillsboro; Mary Sleeper, Waco, in orchid. W. S. Cochran of Livingston, Rowena Goldsmith, in jade, Henry Craig of Hillsboro; Sadie Scott, Graham, jade, with Dooley De Graffenreid, Waco; Bertyce Ward in orchid, with Howard Wilson, Waco, Irene McLendon, Mexia in orchid, with Tom Johnson. Matron, Mrs. Cliff Scott in orchid with Cliff W. Scott, Junior maid, Virginia Scott in orchid, then the miniature bride and groom little Frances Scott and Master Franklin Dennis. The bride entered with her sister the Maid of Honor, Oweta Stallings and the groom with his best man, Walter Dossett of Waco.

The ushers were: I. T. Ward, Mason Coney, Leon Zwiener, Seth Cummings.

Meeting at the altar steps the groom received the bride and as they stood together they made a handsome appearance both blessed with attractive physique and gracious mien, apparently fittingly mated in many ways.

The bride was exquisitely gowned in white heavy canton crepe with pearls en traine with a long snowy bridal veil caught coronet fashion to her hair banded with real valley lillies and pearls. Her bouquet was of valley lillies, ferns, tube roses and bride buds edged with ostrich tips and lace which gave it an unusually delicate outline and this effect was repeated in the miniature bride's bouquet carried by her tiny sister whose costume was similar to the bride's.

The groom and all his men were in

full evening suits while the maids in alternating orchid and jade made a colorful picture which blended harmoniously.

The tiny tots, replicas of the bride and groom who preceded the bride down the aisles were perfect in their parts and in the small bouquet was hidden the groom's treasured first baby shoe and in this was hidden the vows. During the ceremony Mrs. Edward Sweatt sang, "The Benediction."

Coming out in reverse order, the organ pealed a joyful Mendelssohn's march and the party moved brightly forth from the beautiful setting, the candles gleaming against the green, the lillies on either side.

Entering waiting closed cars the entire party went immediately to the family residence 608 Forest Avenue where a formal reception was tendered the bridal party, relatives and close friends.

There the bride donned a chic going away costume of poiret twill with black and harmonizing accessories with a corsage of Ophelia buds and ferns and amid a shower of congratulations and good wishes the young people left for Dallas and Houston for a few days and will in about ten days time go east for a three month's honeymoon of New York, Boston, Chicago after which they will be at home in Waco.

The bride is the lovely, accomplished daughter of Mr. and Mrs. J. E. Scott of winning personality, highly educated and like her husband has real musical ability.

Robert Sprinkel Pool, the groom is the son of Judge R. B. Pool of Cameron an old, established family and he has a very fine voice, both he and his bride being educated at Baylor University. They start life under the happiest of auguries and their marriage brought a number of prominent out of town people to join with their many friends here in marking the auspicious occasion with their presence.

Besides the members of the bridal party and choir, the following guests came from out of town; Mr. and Mrs. Tom Robinson of Dallas, Miss Ruth Henderson of Cameron, Miss Edna Sprinkel, R. B. Pool of Cameron, Miss Mary Odell, Dr. Lee Scarborough and two daughters, Miss Copus of Fort Worth. The numerous handsome and individual gifts attested in a measure the esteem and love felt for the two young people who will have many beautiful articles to place within their pretty home which they have planned to locate in Waco.

Immediately after the elaborate wedding, there was a delightful reception held at the Scott home on Forest avenue. All the big front rooms of the house had been cleared and were made more lovely with baskets and vases of fragrant flowers and ferns while bright lights gave to all a glow of hospitality and welcome.

The guests were served with delicious punch on their arrival by Miss Laura Ward and Mrs. Irwin Ward. Mr. and Mrs. J. E. Scott, stood at the door and the receiving line was composed of the following: Mr. and Mrs. Scott, Mr. and Mrs. Robert S. Pool, Judge R. B. Pool, father of the groom, Cameron, Miss Edna Sprinkel, aunt of the groom Mr. and Mrs. Uplegger, Waco; H. L. Spencer, Waco; Miss Oketa Stallings, Walter Dossett, Waco; Mrs. Ed. Sweatt, Waxahachie; Miss Madge Carver, Farmersville; Robert Marshall, Hillsboro; Mary Sleeper, Waco; W. S. Cochran, Livingston, Rowena Goldsmith, Henry Craig, Hillsboro; Sadie Scott, Graham; Dooley de Graffenreid, Waco; Bertyce Ward, Howard Wilson, Waco; Irene McLendon, Tom Johnson, Mr. and Mrs. Cliff Scott, Dr. Lee Scarborough, of Fort Worth; Judge I. T. Ward, Mason Coney, Seth Cummings and Leon Zwiener.

The guests were cordially welcomed and introduced to the many out of town guests, then were served with delicious white bridal cake with pink ice cream hearts with white kewpies. The guests were then allowed to view the lovely gifts which were displayed in one of the rooms and which were tokens of the popularity of the charming and attractive bride and her husband.

Joe Mahlor left last Thursday for A. & M. College. He was accompanied by his father, Mr. J. F. Mahlor and Mr. Mahlor returned after having Joe comfortably settled.

**"THE TEXAS PIONEERS."**

The pleasures, hardships and hazardous life of Texas Pioneers is told by Hon. A. J. Rose, himself a Texas pioneer, in the Cameron Herald of the issue of October 12th. Mr. Rose relates, among other stories, the fight between a band of Indians and two pioneers by the name of Will A. Miller and A. W. Morrow, near the San Saba river, in San Saba county. Miller received 23 and Morrow 20 arrow wounds. Both men survived the battle.

Subscribe now for the Herald. We are publishing a real live newspaper that deserves your boosting and your patronage.

Many of the best roads in Texas are being built from "impregnated limestone," found in large quantities in Uvalde and Kinney counties. Keep up with the march of Texas progress and read the Cameron Herald a newspaper that is alive to the interests of your county and your state.

**CALOMEL IS A DANGEROUS DRUG.**

Next Dose may Salivate You, Loosen Teeth or Start Rheumatism.

Calomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

**Ouch! My Back! Rub Lumbago Pain Away**

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 25c

**HOSS RACIN' AT BELL COUNTY FAIR WILL ATTRACT FANS HERE.**

Hoss Racin' at the Bell County Fair on Thursday, Friday and Saturday, will attract many turf fans from Cameron. It is reported that a good stable of runners in all handicaps is on hand for the turf on these three days. The saucer is a half mile circuit and said to be one of the fastest tracks in Texas.

There are those who have never gotten away from the Sport of Kings, despite all the modern trend for other sports.

It is said that a number of exceptional harness events will be on the racing program for these three days.

**LIVESTOCK ASSOCIATION TO HOLD MEETING HERE FRIDAY SEPTEMBER 29.**

The Milam County Purebred Livestock and Poultry Association will hold a meeting in Cameron Friday September 29, the opening date of the stock exhibit.

This meeting was decided upon at the recent regular meeting held in Thorndale. It is desired that all members in the county will make an effort to attend the meeting, and especially is it desired that members in Cameron attend, to welcome the visiting members and to give the county seat good representation.

The next regular meeting of the association on the First Tuesday in November will be held in Rockdale.

**BIG INCREASE IN COTTON GINNED.**

Up to September 1, 1922 there were 12,254 bales of cotton ginned and reported in Milam county as compared with 4,074 on September 1, 1921.

These figures are announced by B. McGregor, special representative of the Department of Commerce Bureau of Statistics for the Federal Government.

The cotton crop in the county this year will be far below normal. It is estimated that eighty-five per cent of the cotton is already picked and in the gins.

**No Worms in a Healthy Child**

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 25c per bottle.

**ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR**

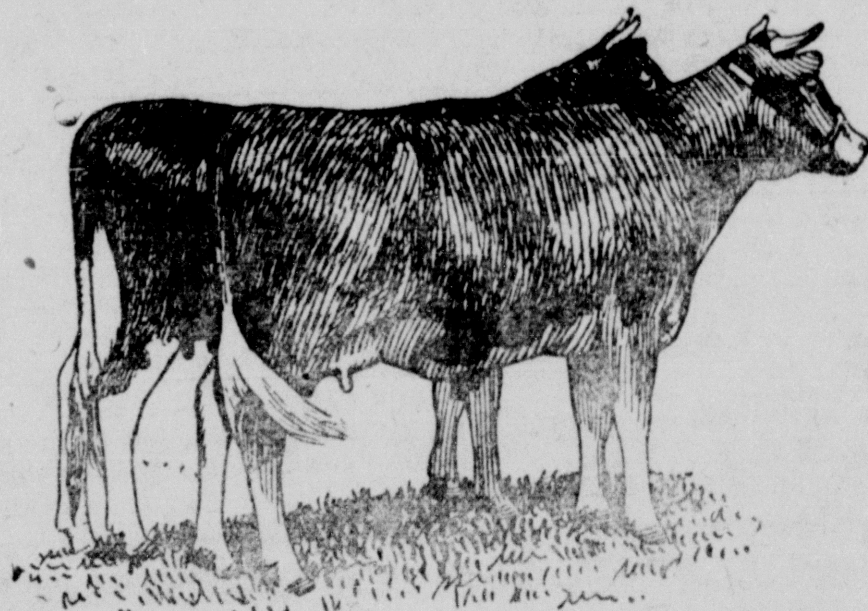

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

## AUTO RACES AND FOOT BALL AT THE 1922 COTTON PALACE

Waco, Texas.—Thrills galore will be in evidence during this year's Cotton Palace on the race track and athletic field. Several days of automobile racing, with some of the fastest dirt track drivers in the world, will compete for valuable prizes. Automobile racing has proven one of the popular out-door events at the Cotton Palace in past years, and the program this year is said to be far more thrilling than anything ever before attempted in this part of the country.

Three of the biggest football games of the year will be crowded into the Cotton Palace program. Baylor University, located at Waco, will have a busy schedule ahead, when it meets, during the period of sixteen days, Arkansas University on the first Saturday of the Cotton Palace; Mississippi College on the second Saturday, concluding with the ever popular A. & M. clash on the third and last Saturday of the Cotton Palace dates.

Without doubt, this is the most elaborate schedule of grid-iron classics ever crowded into the brief space of sixteen days.

### COMMUNITY CHORUS AT TEXAS COTTON PALACE

Waco, Texas.—A series of community concerts are to be given at the Texas Cotton Palace Exposition, at Waco, each Sunday afternoon and evening, commencing on October 22. The concerts will be directed by Prof. Chas. H. Keep, for some time director of music at Baylor University.

Three concerts will be given each afternoon and three each evening, each lasting approximately one hour. There will be numbers of a nature to appeal to all who love music. The afternoon concerts will be composed of choral selections from the standard oratorios, including Handel's "Messiah" Hadyn's "Creation" and Gounod's "Gallia." There will also be opera choruses from Tannhauser, Lohengrin, and Faust. Some of Waco's favorite singers will be brought in as soloists. It is hoped that the chorus will number close to a hundred soloists. At the final concert, it is planned to sing Gaul's "Holy City," one of the most beautiful of the modern cantatas. For this performance the chorus will be increased to one hundred and fifty voices. There will also be

an orchestra or from twenty to twenty-five pieces to play accompaniments at all concerts.

### PRESIDENT HARDING NAMES COTTON PALACE PRINCESS

Waco, Texas.—The Texas Cotton Palace has again received recognition at the hands of the chief executive of the United States. In a letter received from the White House by President W. V. Crawford of the Cotton Palace Association, he is notified that President and Mrs. Harding have named Miss Eleanor Wheeler of Washington as princess to represent the District of Columbia at the coronation exercises and queen's ball. In a letter from Miss Wheeler she states that she gladly accepts the appointment and will be accompanied to the Cotton Palace by her mother. Last year President and Mrs. Harding designated one of the popular social favorites as District of Columbia princess, and ex-President and Mrs. Wilson did likewise before they retired from the White House.

With the naming of the District of Columbia representative, fourteen state princesses have been selected. The governors of thirteen states have chosen their princess and all have notified Cotton Palace officials of their acceptance.

The coronation exercises at the Cotton Palace, in connection with the queen's ball, have long been noted as the most brilliant social event in the Southwest, increasing in popularity from year to year. In addition to the out of state princess, duchess representing many towns and cities of Texas, have been appointed to represent Texas in this brilliant social event.
